William Carey College

AN INTRODUCTION

"Expect great things from God; attempt great things for God."

WILLIAM CAREY

1761 - 1834

When God gave William Carey to the modern world he gave a spiritual statesman without a peer. A survey of the biographic facts of Carey suggests the impossibility of exhausting the reasons why William Carey is known as the father of modern missions.

In a cobbler shop in Northampton, England, he developed a passion for world missions and led his brethren in a world conquest for Christ by his world-famous sermon in which he said, "Expect great things from God; attempt great things for God."

As a missionary educator, William Carey founded Serampore College, which was the first Christian college in all of India. Because he was a great linguist, the British governor at Calcutta offered him the professorship of Oriental languages at Fort William College. Here Carey spent thirty years gathering a faculty of linguists and preparing for his most monumental work, the translation of Scriptures into a multitude of languages. William Carey translated the Scriptures, or parts of the Scriptures, into thirty-four different languages. He produced six grammars and compiled three dictionaries and one vocabulary.

Carey's determination was as steadfast as the purpose of God; yet he was outstandingly humble. He chose to be called not Dr. Carey, the professor at Fort William, but the cobbler. He was characterized by a steadfast belief in the value of the individual and insisted that God intended all men to be free. He sought to give men the knowledge of God, that they in their choices might be right.

History of William Carey College

In 1906, W. I. Thames, a pioneer educator in South Mississippi, founded in the southern part of Hattiesburg "South Mississippi College." This school did a noble work until 1909, when fire destroyed its immense administration building with all contents, including accounts, library, class rooms, and an auditorium with seating capacity of 1500.

Early in 1911, Mr. W. S. F. Tatum, a wealthy lumberman and Methodist layman who had acquired the property, after prayerful consideration offered this property as a gift to the Baptists. The gift was conditioned upon the successful operation of a Christian school for girls for five consecutive years, with an attendance of not less than one hundred students the first year. At that time the property consisted of two frame buildings and ten acres of cut-over pine land.

A corporation was organized under the laws of the state of Mississippi to own and control the college. Nine trustees were chosen from four Baptist churches of Hattiesburg, namely First Church, Columbia Street, Immanuel, and Fifth Avenue Church. The trustees organized and elected Professor W. W. Rivers, President of Central College, Conway, Arkansas, to take charge as President. Under his leadership the opening exercises were held in the Old Red Circle auditorium on Hemphill Street in September, when he gave the new institution the name *Mississippi Woman's College.* In November, 1911, when the Mississippi Baptist State Convention held its annual meeting in Gulfport, the school was offered free of debt to the Convention and was formally accepted. Baptist ownership continues. Control is exercised through a board of fifteen trustees, five of whom are elected by the Convention each year for a period of three years.

Dr. J. L. Johnson, Jr., was elected as the first President under Convention control to succeed Mr. Rivers at the end of the first year. He took up his work July 1, 1912, and served until his death February 1, 1932. During the administration of Dr. Johnson the following buildings were erected: Tatum Court, Ross Hall, Johnson Hall, the dining hall, the model home, and Mary Ross Hospital. It was during these years that Woman's College became a member of the Mississippi Association of Colleges and Universities, and of the Southern Association of Colleges for Women. Woman's College became a member of the Southern Association of Colleges and Secondary Schools at Jackson, Mississippi, on December 3, 1926. This was the crowning event of Dr. Johnson's administration.

Upon the death of Dr. Johnson, Dr. W. E. Holcomb assumed the presidency March 14, 1932, as the unanimous choice of the board of trustees. His had been a very successful career as a business man and Christian worker. He was a graduate of Mississippi College, a past president of the Mississippi Baptist State Convention, and a valued

member of the Department of Sunday Schools of the State Mission Board.

Dr. Holcomb resigned in 1940 at the close of the session and because of the general situation, aggravated by the war, the trustees of the college suspended operation, and the plant was used as a housing project for the army officers at Camp Shelby.

In 1922 the Convention voted to the college an annual income of $10,000 until such time as the endowment of the institution should reach $500,000. First efforts toward securing endowment were made in 1925, during which year a sum exceeding $200,000 was given for the purpose by the people of Hattiesburg, wealthy friends elsewhere who were interested, and the Baptist churches of South Mississippi. After this sum had been secured, the Convention in this same year gave $100,000, thereby increasing the endowment to slightly more than $300,000.

The trustees of Mississippi Woman's College in October, 1946, elected unanimously Dr. I. E. Rouse, at that time pastor of the Fifth Avenue Baptist Church, Hattiesburg, to assume responsibility of the college administration. Dr. Rouse took up his work as president and business manager November 1, 1946. The entire college plant was completely renovated, modernized, and largely refurnished.

The State Baptist Convention of 1950 brought Mississippi Woman's College under review. New emphasis was being placed upon Christian education. It was noted that Mississippi Woman's College was at the heart of the more densely populated area of the state and held a most strategic location in the great Gulf Coast section of the South.

After three years of survey and review the annual State Convention of 1953 voted a coeducational status to Mississippi Woman's College and authorized a new name in harmony with her new status. The trustees, meeting in April, 1954, selected the name *William Carey College,* in honor of the "Father of Modern Missions." This name was approved by the Convention Board in April, 1954.

Dr. I. E. Rouse resigned the presidency of William Carey College effective July 1, 1956. The Board of Trustees elected Dean J. Ralph Noonkester president of the college on July 28, 1956, and he was formally installed in a colorful and solemn inauguration on December 14, 1956.

At the 1956 meeting of the Mississippi Baptist Convention the sum of $253,000 was voted by the Convention for capital needs of William Carey College. With this sum a new library was built in 1957 and occupied in 1958, and the dining room was renovated and converted into a cafeteria. The remainder of the fund was used for the construction of the first wing of a new science building. It was ready by fall, 1958.

At the 1959 meeting of the Mississippi Baptist Convention the sum of $260,000 was voted by the Convention for a Capital Needs Program. With this sum a gymnasium has been constructed. The Board of Trustees has approved plans for the construction of an additional men's dormitory and a new President's home on the William Carey College campus in the immediate future.

ACCREDITATION

William Carey College was accredited in December, 1958, by the Southern Association of Colleges and Secondary Schools. Student credits are transferable to other colleges and universities and are accepted by the various state departments of education for teacher certification. The College is also a member of the National Commission on Accrediting, the Association of American Colleges, the American Council on Education, the Mississippi Association of Colleges, and the Southern Association of Baptist Colleges and Schools.

THE OBJECTIVES OF WILLIAM CAREY COLLEGE

William Carey College is a liberal arts college whose aim is to prepare young men and women for intelligent, cultured, competent, Christian living.

Carey College seeks:

1. To maintain a thoroughly Christian liberal arts college.
2. To emphasize the cultural values of the arts and sciences.
3. To provide basic vocational and professional training.
4. To maintain a high level of scholarship.
5. To develop responsible leaders and citizens.
6. To produce mature Christians, educate leaders for the denomination, and promote the practice of Christian principles.
7. To develop strong bodies and healthy habits of living.
8. To develop talent and recognize achievement.

It is the purpose of the college to offer this liberal arts program to young men and women in an atmosphere which affords opportunities for the promotion of high scholarship, proper adjustment of personality, and development of qualities of leadership. William Carey College seeks to create in every student a sense of social obligation and of true intellectual and spiritual values. The entire program is built around the individual student; the primary aims of faculty and staff are to provide for every student adequate instruction, proper example, judicious counsel, and loving devotion. In realizing these objectives, William Carey College seeks to have each student attain his highest total personality.

PHYSICAL RESOURCES

The Physical Setting

Hattiesburg, the "Hub of South Mississippi", is the home of William Carey College. Hattiesburg, a city of 30,000, is most strategically located. Four railroads intersect here and the main tributaries of one of the greatest highway systems in the nation cross at the "hub", making William Carey College most accessible.

South Mississipi is a part of the great Gulf Coast country, the playground of the nation. The climate is most equable. Extremes in temperature are unknown here; it is neither hot in summer nor cold in winter. The annual average temperature is 66.6 F. William Carey College is at the center of many points of interest. Within a radius of about two hours' auto drive are Mobile and the azalea trail; Pascagoula; Biloxi, the oldest city of Mississippi; Gulfport; Pass Christian; Bay St. Louis; Jackson, the state capital; old Natchez; and New Orleans, the most unusual city of America. Here, amid a profusion of flowers, are found the fine old traditions and well-preserved memorials of the old South, intermingled with the modern progress of the new South.

William Carey College campus is composed of forty acres of land inside the city limits, well situated and adapted to meet the needs of the college and students. Native trees, shrubs, and flowers have been featured in the landscaping of the campus, a fact observed and commented upon by many visitors each year.

Buildings and Equipment

TATUM COURT, the administration building, is situated near the center of the campus. This is the oldest of the buildings which are of the colonial pattern, constructed of steel, brick and concrete. In the basement are classrooms for the Home Economics Department —(with sewing room, dining room, and three electric kitchens), Business Education Department, Physical Education Department (swimming pool), janitorial and other store rooms, and heating plant. On the first floor are offices and the auditorium, equipped with a Chickering grand piano and a two-manual Pilcher organ with chimes. The auditorium has a seating capacity of 500. On the second floor are classrooms, music studios, and practice rooms. In the summer of 1947, this building was redecorated, with pastel shades of green, blue, wisteria and yellow inside, and with white trim on the outside.

ROSS AND JOHNSON HALLS, twin dormitories for girls, accommodate two students to the room. Arrangement by suites is featured, each suite comprising two bedrooms and connecting bath, all with outside exposures. Private bathroom facilities are thereby offered each group of four students. The buildings are fireproof, steam heated, and well ventilated. On the first floor are parlors, a reception hall, and bedrooms, while the second floor is taken up with bedrooms. The rooms are equipped with new furnishings. Each girl

has a bed with inner-spring mattress and box springs, a study desk, a ladder back chair, a closet, and a dresser that is shared. Venetian blinds cover the windows. Another attractive thing about the bedrooms is the color scheme carried out in the redecoration of the walls, the pastel shades of blue, green, yellow, and tea rose having been used. The floors are finished in the natural wood.

LAWRENCE HALL, the boys' dormitory, follows the general pattern of the buildings on the campus. The structure is brick veneer with a colonaded porch. The central division is two stories with East and West wings and two South wings one story. The building has fifty rooms, two suites, and six bathrooms, with a large reception room. The building is very commodious, with a total area of 16,000 square feet. Equipment has been installed on the basis of two boys to the room. There are individual beds with inner-spring mattresses and double closet with sliding panel doors. The design includes a beautiful interior finish, mahogany flush doors in steel frames, pastel shaded walls, and oak floors.

THE CAFETERIA is equipped to accommodate all resident students and faculty members. This democratic arrangement for all students to have their meals together contributes definitely to the promotion of "The Carey College Spirit."

MARY ROSS HOSPITAL is an attractive fireproof brick building consisting of three units and represents the most modern ideas in college hospital construction. It contains dispensary, diet kitchen, nurses' office and apartment, and reception room. There are two wings, one for general and the other for isolation purposes. Each one of these wings contains two private rooms and connecting bath; also a ward, which contains four beds and has connecting bath. There is every facility in this hospital for the proper care of the minor ills of students.

THE I. E. ROUSE LIBRARY was authorized for construction in 1956, completed in 1957, and dedicated February 8, 1958. It is an air-conditioned, brick building, containing 13,000 square feet, of which 2,500 square feet is given to three classrooms at the rear. This leaves 10,500 square feet for library facilities. It is arranged on the open-stack system with reading and study areas on either side of the stacks, which occupy the central floor space. This building is rated as one of the best small college libraries in the entire Southland.

GREEN SCIENCE HALL is a modern, one-story, fire-proof building of steel and concrete construction. It contains an office suite for the professors of biology, chemistry and mathematics; a large classroom; and three laboratories, one large one for biology, and two smaller ones for chemistry. It was used for the first time at the opening of the fall semester in September, 1958. In appearance it matches the almost equally new I. E. Rouse Library. These two buildings, along the east edge of the campus, face each other across a driveway. Green Hall is planned so that a wing may be added later on the south and east.

OLD SCIENCE HALL is a frame building, which formerly housed all the science department, and continues to be used for a classroom and a drama workshop. A portion of it is set aside for a student recreation center. This building houses Crusaders' Corner, a grill and sandwich shop operated by the college for the benefit of the students and faculty. Here are also the college bookstore and postoffice.

APARTMENTS FOR MARRIED MINISTERIAL STUDENTS—In 1958 the Board of Ministerial Education of the Mississippi Baptist Convention bought a tract of land on Franklin Street one block north of the campus for the construction of concrete masonry duplexes for married ministerial students. One duplex was completed in September 1958.

THOMAS APARTMENTS are owned and operated by the college and are available for rent to married students. Each apartment contains a combination living room-bedroom, a small kitchen, and a bath.

THE PRESIDENT'S HOME is a modern brick residence of eight rooms located on the college campus.

THE CLINTON GYMNASIUM was officially opened and dedicated on January 30, 1961. This building contains 16,495 square feet of floor space. The foundation and structural frame is of reinforced concrete. The roof is of thin shell folded plate (reinforced concrete) with skylights. The exterior walls are of brick and the interior partitions are of concrete block painted. The gym has a floor of iron-bound maple strip with cork underlayment.

The Clinton Gymnasium includes, in addition to the gymnasium proper, a large lobby and concession stand, instructors' offices for teachers of men's and women's physical education, men's and women's locker rooms, varsity lockers, rest rooms and a large physical education classroom.

THE NEW BOYS' DORMITORY will be a three-story building of brick and concrete, to be located on the campus between Lawrence Hall, the present men's dormitory, and Cherry Street.

The 19,390 square feet of floor space will provide 54 rooms for students, a suite for the house mother, a large lounge and reception room, and mechanic's room, with toilet facilities at convenient places in the corridors.

Interior walls will be of painted concrete blocks. A circulating hot water system will heat the building. Another feature will be built-in furniture. The only movable furniture will be two beds and two chairs in each room. This dormitory will be ready for occupancy by June, 1962.

CAMPUS ACTIVITIES

Religion and Religious Activities

William Carey College is owned and controlled by the Mississippi Baptist Convention, but the sectarian viewpoint is avoided. The Baptists are first among all people who preach and practice religious

liberty. Personality is held to be sacred and soul competence is a primary tenet. The historical spirit is preserved and an open mind is encouraged. It is held that every soul is personally accountable unto God and must be free to make valid choices. That being true, all relevant facts are made available to the students as the basis of wise decision and sound judgment.

The Baptists believe in the individual discovery of God and in religion as an inner and vital personal experience. Therefore, Baptists are non-credal and do not seek to impose their belief upon others, for they hold that with the availability of the facts the individual sincerely seeking the truth can and will find vital and positive convictions adequate for proper adjustment with God and man.

Baptist beliefs, as held by Roger Williams, are the basis of the American constitution and way of life. They who coerce politically, intellectually, or religiously, violate the genius of the Baptist spirit and polity. It is this evaluation of the individual as the prime social value and the inviolability of the individual soul in pursuit of truth and right that inform and guide Carey College in her pursuit of culture and character for her students. This has been well termed "That Carey College Spirit."

Hattiesburg is a city of churches. The students are expected to attend church for public worship on Sunday mornings, but each student is given the privilege of choice as to which church he attends. Religion here is conceived to be the Way of Life. It is not a department of culture or an adjunct to life, but life at its total and highest best. Its end is sound moral and spiritual character, with personality skills developed to permit the greatest social contribution and achieve the highest personal enjoyment.

THE BAPTIST STUDENT UNION serves as a co-ordinating agency of all the religious activities on the campus. Through the Executive Council, which meets weekly, students are encouraged to participate in the various unit organizations of the local churches. Its program includes morning watch, dormitory prayer service and Bible study. The local organization is affiliated with the Student Department of the Southern Baptist Convention, and it has a Baptist Student Union faculty director to guide the religious activities of the campus.

THE YOUNG WOMAN'S AUXILIARY is an organization of the W. M. U. Its main purpose is to give young women a greater vision of the needs on the mission fields and to keep before them God's mission plan for the entire world.

THE MINISTERIAL ASSOCIATION is composed of the ministerial students on the campus, and its purpose is to promote Christian fellowship among the ministers. The association meets bi-weekly and cooperates with the B. S. U. in promoting religious activities on the campus.

THE ASSOCIATION OF CHURCH MUSICIANS is composed of young men and women interested in church music. Its purpose is to provide a bond of fellowship among church musicians, and to promote education in the field of church music.

THE MISSION BAND is composed of students who are mission volunteers or those who have a definite interest in missions. It cooperates with the B. S. U. in promoting extension work at the local jails, hospitals, convalescent home, and other community institutions.

Student Government Association

Every student at William Carey is a member of the Student Government Association. Its purpose is to promote the maximum in student self-government in cooperation with the Administrative Council on which serve the College President, the Dean of Women, and the Dean of Men.

The STUDENT GOVERNMENT COUNCIL is composed of the elected officers of the Student Government Association. It guides the student body in attaining the Christian ideals of William Carey and maintains and enforces the provisions of the S. G. A. Constitution.

The MEN'S AFFAIRS BOARD is the branch of the S. G. A. which governs the men dormitory students.

The WOMEN'S AFFAIRS BOARD is the branch of the S. G. A. which governs the women dormitory students.

The college reserves the right to require at any time the withdrawal of a student whose conduct or academic work is not considered satisfactory by the authorities of the college. A student who is found to be out of harmony with the requirements of the college may be asked to withdraw, though no specific charge is made.

Publications

THE CRUSADER is the annual summary of college life in pictures, views, cartoons, and literary efforts of the students. In humorous and artistic style it presents a record of student life for the current year.

THE COBBLER is a monthly paper which contains a record of all current events of interest in the life of the college. It is edited by a selected staff and affords a number of students practical experience in journalistic work.

THE LANCE is the official organ of the Student Government Association. It contains a statement of the regulations to be observed and gives general information regarding clubs and other student organizations.

Other Student Organizations

THE HOME ECONOMICS CLUB was organized in 1947. Its main purpose is to integrate the work of the home and family living program. It brings together the various class groups for united effort.

The club group provides opportunities for play, recreation, and social contact while the members learn and use parliamentary procedure.

ORCHESIS is an organization sponsored by the Department of Health, Physical Education and Recreation. This group is especially interested in interpretative and creative rhythms. Membership is by invitation and try-out only.

PHYSICAL EDUCATION MAJORS CLUB is sponsored by the Department of Health, Physical Education and Recreation. This organization is to advance the students in their professional development.

THE CAREY THEATRE GUILD is an organization sponsored by the Department of Speech and Drama. The purpose of the organization is to stimulate interest in the acting and backstage aspects of a performing theatre.

THE FORENSIC LEAGUE also is sponsored by the Department of Speech and Drama for those who are interested in intramural and intercollegiate speech competition.

ALPHA ZETA CHAPTER of Chi Beta Phi had its beginning in April, 1955, with the foundation of the Carey College Science Club. On December 10, 1955, Alpha Zeta Chapter of Chi Beta Phi, national honorary scientific fraternity, was formally installed. Membership is limited to majors in the natural sciences and psychology with high academic grades.

ALPHA LAMBDA is an honor society made up of women students who maintained a 2.5 average, or higher, one semester of their freshman year in college. Alpha Lambda is a service organization in which girls serve as counselors, tutors, hostesses, and ushers for college functions.

STUDENT EDUCATION ASSOCIATION: The William Carey College Chapter of the Student Education Association was duly chartered by the National Education Association and the Mississippi Education Association on November 18, 1957. Its purposes are to acquaint prospective teachers with the history, ethics, and program of the organized teaching profession; to interest the best young men and women in education as a life-long career; and to afford its members practical experience in working together in a democratic way on the problems of the profession and the community. Membership in the chapter is open to all students who are preparing to be teachers. It carries with it junior membership in the National Education Association and the Mississippi Education Association.

INTERNATIONAL RELATIONS CLUB is sponsored by the Division of Economics for the study of the foreign relations of the United States, especially in the cold-war struggle with world communism.

GENERAL REGULATIONS

Articles to Furnish

Dormitory rooms are equipped with single beds. Students will be expected to provide towels, sheets, blankets, spreads, pillow cases, pillow, and window curtains.

If students wish floor coverings, such as rugs or carpet squares, they must furnish them. Venetian blinds for windows are furnished by the college.

Each student must have personal laundry bags and all other articles to be laundered plainly marked with indelible ink.

The college furnishes ironing boards for young women but not irons.

Sunday at Carey College

William Carey College is a Christian institution, and we expect all students to observe Sunday as a day of worship and rest. On Sunday morning all students attend Sunday School and worship services in their respective churches. Quiet hour is observed from two o'clock to three o'clock. Students attend the evening services of their churches at will.

Visitors

Hospitality is one of the fine traditions of the Old South which Carey College treasures and seeks to inculcate in her students. Alumni and former students are always welcome. Parents and friends of students should arrange their visits, if possible, at a weekend, or at such time as will not interfere with the regular duties of the student visited. Each student is expected to perform the duty of host to his or her guests and make all necessary arrangements for their entertainment and comfort. Rooms for guests may be obtained on the campus for a small fee, and meals are provided for visitors on a pay-as-you-go basis in the cafeteria.

Health

The mild and equable climate of Hattiesburg, the situation of the college in the midst of the native pines, on an ample campus, sufficiently remote to escape the smoke and dust of the downtown part of the city, and the sanitary appointment of the modern buildings and equipment, all combine to render health conditions at Carey College all that one could desire. The food served in the cafeteria is prepared by expert cooks under the supervision of a capable dietitian. Athletics, swimming, archery, tennis, softball, badminton, and other games furnish opportunities for well-rounded physical development.

A competent hostess has the oversight of the students in each dormitory, and a registered nurse is a member of the college staff. The college retains the service of a competent physician, and medi-

cal and nursing service is at all times available for dormitory students. However, surgery and hospitalization requiring special nursing are at the charge of the student, and the medical fee paid does not cover the charges for medical service off campus.

SUMMER SCHOOL

William Carey College operates a Summer Session in which a total of fourteen semester hours may be earned. Students graduating at the end of the Summer Session are allowed to earn fifteen semester hours.

The Summer School is divided into two five-week terms. Each is a complete unit in itself.

A separate catalogue will be furnished on request.

EVENING SCHOOL

The college offers some courses in evening school, which may be taken for regular college residence credit or may be attended without credit by students in the Hattiesburg area.

The Academic Program

I. REQUIREMENTS FOR ADMISSION

General Requirements

To be admitted to William Carey College the student must give evidence that he is qualified in scholarship, character, and health to become a student at a Christian liberal arts college.

Before admission can be granted the following must be in the office of the Director of Admissions:

1. A completely filled application form
2. A transcript of the high school credits or previous college work
3. Two letters recommending the student's character and scholarship
4. A certificate of sound health from the student's physician
5. A small photograph of the applicant with the name and date on the reverse side.

These materials should be in the hands of the Director of Admissions at least two weeks before registration. No student will be allowed to register until a transcript of his high school or previous college work is received by the Registrar; therefore, prospective students should request their high school principals or college registrars to mail a transcript to Carey College as soon as the decision to seek admittance is reached.

ADMISSION TO THE FRESHMAN CLASS

1. By certificate of graduation from an accredited high school. A graduate of an accredited high school will be admitted to the freshman class without examination provided that he presents a certificate showing the completion of fifteen units of high school work. Of the fifteen units eleven must be in academic subjects.
2. By written examination. A student who has graduated from a high school that is not accredited or who is mature enough to obviate the necessity of further high school attendance may be admitted to the freshman class on one of the following conditions:
   a. By successful completion of the high school level General Educational Development Test.
   b. By passing a battery of achievement tests administered by the Scholarship Committee of William Carey College.

ADMISSION AS SPECIAL STUDENTS

Students who are mature enough to do college work but who have not received sufficient high school training to be admitted to the freshman class in accordance with one of the

procedures stated above, may be admitted as Special Students. They will not be candidates for any degree. Credits earned by them will not be transferred to other colleges as college credits.

ADMISSION TO ADVANCED STANDING

1. William Carey College will admit only the transfer students who are eligible to be readmitted to the school which they last attended.
2. Credits that are transferred must be in keeping with the aims of William Carey College.
3. A maximum of sixty-four semester hours will be accepted from a junior college.
4. In the case of a student transferring with more than three but less than six semester hours' credit in a required subject, the head of the department concerned will suggest an advanced three-hour elective to fulfill the requirement.
5. Four quarter hours, transferred as 2-2/3 semester hours, are accepted as fulfillment of three semester hours in required courses. The student cannot be short a fraction of an hour in completing the minimum 128 hours required for graduation, however, even if he has to take another course of larger credit than the required fraction.
6. If work from an accredited institution is offered in the major field, it must carry a grade of at least "C" and must have the approval of the division in which the student is doing his major work.

II. ADMISSIONS PROCEDURE

1. Application should be made on an official application blank furnished by the college.
2. A transcript should be presented from an accredited high school or college. Entrance credits should be mailed from the office of the principal or registrar directly to the registrar of Carey College promptly after application is made.
3. If a prospective student is in school elsewhere at the time he applies for admission, he should have a transcript sent showing not only the courses completed but the courses in progress. If he is accepted, a supplementary transcript showing the grades on the courses when completed will be required.
4. All prospective students should take the American College Tests administered in various testing centers throughout the country. The scores are used not to determine admission, but to help the college place the students in the proper sections, award scholarships, and counsel students.

III. ADMINISTRATION OF THE CURRICULUM

The Counseling Program

William Carey College provides for her students a guidance program, so that through conferences students may have the benefit of faculty experience for guidance in social adjustment and in the choice and mastery of academic subjects.

1. Each student is assigned to a member of the faculty who acts as his advisor until he chooses his major field. At this time the head of the division of the major field, or another faculty member designated by him, becomes the advisor.

2. A thorough program of orientation for all new students is provided.
   (a) All new students are required to come to the campus several days previous to registration in September for a program of orientation and testing.
   (b) The following are given to all students: vocational preference, intelligence, mathematics placement, and English placement tests. Prospective music majors and minors must take applied music auditions, a theory placement examination, and the musical aptitude test. The latter should also be taken by any student who is uncertain in regard to his choice of music as a major or minor so that scores may be available for counseling purposes.
   (c) The student is introduced to campus life and the social and religious organizations during the orientation period.
   (d) Special classes are held in orientation for new students. These classes are under the direction of the Dean of the College.

3. A continuous program of guidance is provided throughout the student's college course.
   (a) Results of all standardized tests are recorded on the official transcript.
   (b) A folder containing guidance records for each student is filed in the dean's office.
   (c) Each counselor has a folder on each counselee containing:
      (1) A duplicate of all counseling forms required by the dean's office.
      (2) A record of all interviews with the student other than those scheduled by the dean's office.
      (3) A sheet with the names of all counselees and a record of the dates of all interviews. A glance at this reminds the counselor of any student he might be overlooking.

(4) Four counseling periods are scheduled during the session, in addition to assistance and approval at the time of registration, as follows: soon after release of grades to the counselor at the end of the first month, end of nine weeks, end of first semester, end of first nine weeks of second semester.

(5) A card is distributed in duplicate to the counselor for each conference with each counselee, one copy to be returned to the dean's office and one retained for the student folder of the counselor.

Classification of Students

The academic work of William Carey College is organized into four classes: the Freshman class, the Sophomore class, the Junior class, and the Senior class. The following constitute the requirements for membership in each of the classes:

1. A Freshman is a student who has satisfied all entrance requirements and is pursuing an approved course of at least twenty-eight semester hours.
2. A Sophomore is one who has completed thirty semester hours and has twenty-four quality points.
3. A Junior is one who has completed sixty semester hours and has fifty quality points.
4. A Senior is one who has completed ninety-five semester hours and has ninety-five quality points.

Academic Credits and Class Load

The academic year of William Carey College runs from September 1 to August 31. It is divided into two semesters of eighteen weeks each and a ten weeks' summer session. The semester hour is the unit of credit. One semester hour is earned for each class hour or for each two-or-three-hour laboratory period per week.

The normal course load is five courses totaling 15-17 semester hours each semester. Students on the Dean's Lists (scholastic average 2.0 or better) may take six courses, totaling 18-19 semester hours. Students on academic probation are limited to four courses, or a maximum of 14 semester hours.

The maximum amount of work which may be earned both terms of the summer session is fourteen semester hours. Students graduating at the end of the summer session are allowed to earn fifteen semester hours.

No Freshman or Sophomore will be permitted to take a 300 or 400 course without the permission of the dean and the instructor of the course.

Change of Program

1. No change of schedule, either in dropping a course scheduled or adding a course not scheduled, may be done except by permission of the dean.
2. A fee of $5.00 will be charged for each change of schedule unless the change is requested by the college authorities.
3. No student will be allowed full credit for a course that has had six hours of class meetings before he enters the class.
4. Courses dropped within the first two weeks of a semester will not be recorded. Courses dropped after the first two weeks and before the middle of a semester are recorded as WP (withdrawn passing) or WF (withdrawn failing), and courses dropped after the first nine weeks are recorded as failures. Any student dropping a course at any time without the required approval of the Dean receives an F in that course.

Withdrawal, Academic Probation, and Suspension

1. A student desiring to withdraw from the college must file a written request and obtain permission from the Dean.
2. Refunds upon withdrawal will be made only on condition that withdrawal permission is granted by the Dean. See the procedure outlined in the catalogue under the heading of "Financial Regulations."
3. No student will be granted a report of grades or a transcript of any kind until his account is settled in the business office.
4. Enforced withdrawal is inflicted by the scholarship committee upon students who do not pass the required number of hours. Each student is expected to pass a minimum of nine semester hours of work and earn nine quality points each semester. Any student failing to pass this required number of hours during any semester is put on academic probation for the following semester, and if he fails to pass the required number of hours the second semester he is subject to suspension from William Carey College for a period of one semester. Then he must apply for admission to the Director of Admissions if he desires reinstatement. When readmitted he resumes probationary status.

Attendance Regulations

The greatest benefits from any college course can be obtained only when there is full co-operation between students and faculty. Excessive absences may seriously affect the work of the whole class as well as that of the individual students who frequently absent themselves. Therefore, regular attendance is fully expected of all students in all classes. Individual faculty members, however, may set their own attendance regulations for their classes.

Faculty members are expected to present their individual policies on class attendance to each of their classes at the beginning of the semester.

In cases where the quality of a student's work is being affected by excessive absences, after the student has been given due warning, the instructor may request of the Dean that the student be dropped from that course with a grade of WF.

No credit may be obtained for any course in which the student has been absent for more than one-third of the class sessions, regardless of the reasons for the absences.

The total number of absences of each student shall be reported for each class by each faculty member at the time of filing semester grade reports.

Unavoidable absences from chapel may be excused upon written request directed to the Baptist Student Union.

Transcripts

Transcripts are issued by the office of the Registrar.

1. An official transcript is one bearing the signature of the Registrar and the seal of the college and is mailed directly to whatever official may be designated.
2. An unofficial transcript does not bear the college seal. When a transcript is given to the person whose credits are transcribed thereon, it does not bear the seal, and the college assumes no responsibility for its accuracy after it leaves the Registrar's office.
3. One transcript is issued without charge. Each transcript after the first costs one dollar.
4. Transcripts of credits will not be issued for those whose accounts are in arrears.

Examinations, Grades, and Quality Points

1. Examinations are given during the eighteenth week of each semester. Term tests are given during the ninth week of each semester.
   (a) No final examinations may be held at any other time than that designated by the administration.
   (b) No student is regarded as having a right to a private term test or semester examination.
   (c) A student who is absent from the final examination without valid reason approved by the Dean forfeits credit for the semester.
2. Term grades are issued to students only; semester grades are issued to students and to parents. The semester average is usually obtained by counting the examination grade as one-

third and the two term grades as one-third each. Grades will be reported as follows:

		Quality Points per Semester Hour
A	95-100	3
B	85-94	2
C	75-84	1
D	70-74	0
E	65-69	0
F	Below 65, Failure	0

A grade of E is a conditional failure and may be made a D by making a passing grade on a special examination. The removal of such condition must be accomplished before the completion of the student's next semester of residence on the day designated in the college calendar for the removal of conditional grades or the grade automatically becomes an F.

A grade of I (Incomplete) indicates that the student has received permission to complete the work of a course after the end of a semester. This work must be made up before the completion of the student's next semester of residence. If the work is not completed within the allotted time, the grade automatically becomes a failure. Work made up within the alloted time may receive any final grade from A to F.

Scholastic Honors

1. Dean's Honor List and Freshman Honor Roll

   Those meeting the following requirements are included on the Dean's List (for upperclassmen) or Freshman Honor Roll:

   (a) The student must carry not less than twelve semester hours of work exclusive of activity hours during the semester on which the scholastic average is based.

   (b) The scholastic average must be at least 2.5 for the First Dean's List or Freshman Honor Roll, and 2.0 for the Second Dean's List or Freshman Honor Roll.

   (c) The grades for the semester on which the scholastic average is based must include no mark lower than a "C."

2. Graduation Honors

   (a) A student who has been in residence for at least two years and who has earned a 2.5 quality point average shall be graduated "cum laude" (with honor).

   (b) A student who has been in residence for at least two years and who has earned a 2.7 quality point average shall be graduated "magna cum laude" (with great honor).

(c) A student who has been in residence four years and who has earned a 2.9 quality point average, with no grade below "B," shall be graduated "summa cum laude" (with highest honor).

(d) No student may be graduated with honor who has been suspended, dismissed, or expelled, or who has received a demerit.

IV. REQUIREMENTS FOR DEGREES

William Carey College confers three degrees: the Bachelor of Arts, the Bachelor of Science, and the Bachelor of Music. The requirement for each degree is 128 hours, made up of (1) core curriculum, (2) major, (3) minor, and (4) free electives. The requirements for the various majors and minors are specified in the sections of the catalog devoted to the instructional divisions of the college—Economics and Business Administration, p. 50; Education, p. 55; Fine Arts, p. 65; Language and Literature, p. 92; Natural Science, p. 100; Religion and Philosophy, p. 110; Social Science, p. 115.

   - General Psychology or Health ..... 3 hrs.

*Music T150 is prescribed for elementary education majors.

Note: All prospective public school teachers must take at least 3 semester hours of physical science.

B. Miscellaneous Requirements and Regulations for all Degrees

1. Junior English Test. Required of all students in the junior year. It must be passed and the pass must be recorded on the student's record before graduation. The test is given each semester, and the student repeats it until he passes it. It consists of a composition of 600 words on a subject not previously announced. The test is administered by the Division of Language and Literature.
2. Upper-Level Hours (hours in courses numbered 300 or above) (Courses transferred from junior colleges will not be counted as upper-level hours.) 40
3. Upper-Level Hours in the major field . . . 50% of the required hours credit in the major field must be upper-level hours.
4. The senior year's work must be done in residence at William Carey College.
5. Hours in the major earned at William Carey College (upper-level) 12
6. Hours in the minor earned at William Carey College 6
7. Foreign language students who learned English as a second language will not be required to satisfy the foreign language requirement for the B.A. degree.
8. Academic hours. Not more than 8 activity hours will be accepted in the 128 hours of credit required for graduation. See "Activity Credits" below.
9. An average grade of "C" or above on the total 128 hours.
10. An average grade of "C" or above on all of the work done at William Carey College.
11. An average grade of "C" or above on courses in the major field.
12. Extension and Correspondence Credit.
    A maximum of fifteen semester hours of credit toward a degree may be allowed for extension and correspondence study and must carry a grade of at least "C". This may include not more than nine semester hours of correspondence credit. Such credit will not be accepted in the department of the student's major.
13. All seniors must take the Graduate Record Examination before graduation. This examination consists of (1) The Area Tests (Social Science, Humanities, and Natural Science) and (2) The Advanced Tests (Biology, Chemistry, Economics, Education, Engineering, French, Geology, Government, History, Literature, Mathematics, Philosophy, Physics, Psychology, Sociology, Spanish, Speech, Music, or Scholastic Philosophy). Seniors majoring in subjects other than those mentioned above should consult their major professors concerning this requirement. Consult the calendar for dates of the examination.
14. Application for Degree (Degree Plan). Students who are candidates for degrees are required to file application for their degrees in the office of the Dean before or during registration for their final semester before graduation.
15. Graduation Ceremony. Degrees are not conferred in absentia.

V. MAJORS AND MINORS

Every student by the end of the sophomore year must have chosen a major and a minor from the seven divisions of the curriculum. The major and the minor cannot be in the same subject. The following outline shows the majors and minors offered by the several divisions.

(a) Division of Economics and Business Administration

Offers a major in Business Administration or in Secretarial Science.

Offers a minor in Economics, Accounting, Business Administration, or Secretarial Science.

(b) Division of Education and Psychology

Offers a major in Elementary Education or in Physical Education.

Offers a minor in Education and Psychology (combined) or in Physical Education.

(c) Division of Fine Arts

Offers a major in Music Education, Church Music, Music Theory, or Applied Music in Organ, Piano, or Voice.

Offers a minor in Music.

(d) Division of Language and Literature

Offers a major in English or Speech.

Offers a minor in English, Spanish, French, or Speech.

Elementary Education majors may earn a combination English-Speech minor consisting of 24-hours of English and Speech in any combination.

(e) Division of Natural Science

Offers a major in Biology, Chemistry, Mathematics, or Home Economics.

Offers a minor in Biology, Chemistry, Mathematics, or Home Economics.

Elementary Education majors may have a General Science minor consisting of 32 semester hours of science and/or mathematics in any combination.

(f) Division of Religion and Philosophy

Offers a major in Religion and Philosophy.

Offers a major in Religious Education.

Offers a minor in Religion

Offers a minor in Religious Education.

Offers a minor in Philosophy.

(g) Division of Social Science

Offers a major in History.

Offers a minor in History, Sociology, or Social Science.

Elementary Education majors may have a minor consisting of 24 semester hours in History, Sociology, Economics, Government, and/or Geography in any combination.

VI. ACTIVITY CREDITS

The following activity credits, to a maximum of eight semester hours, may be applied toward the one hundred twenty-eight semester hours required for graduation.

Physical Education (Required)	4
Physical Education (Elective)	4
Intercollegiate Athletics	8
Editor, The Cobbler	4
Business Manager, The Cobbler	4
Editor, The Crusader	4
Business Manager, The Crusader	4

Dramatics, Intercollegiate Debate, Forensics	4
President or Vice President of Student Government, president of class, or president or secretary of any campus-wide organization approved by the Curriculum Committee for this purpose (one hour per year)	4
President of the Senior Class	2

Note: Normally only one semester hour each in Chorus, Band, P.E., and Speech Activities may be earned in each semester.

VII. EXTENSION AND CORRESPONDENCE COURSES

Extension and correspondence courses are identified by a capital "E" or "C" added to the course number. English 101E, for example, is Freshman English taken in an extension class.

PROFESSIONAL AND PREPROFESSIONAL PROGRAMS
A PERSONAL MESSAGE

To Prospective Students:

This portion of the catalogue is designed principally for you.

With your varied interests in mind, we have included in detail on the following pages several of the professional, vocational, and pre-professional courses which you can pursue at William Carey College.

These include professional courses in elementary and high school teaching, preprofessional courses in engineering, forestry, home economics, nursing, medicine, medical technology, and law; and a two-year terminal course in secretarial work.

We hope you will find the one that meets your needs. Any questions you may have about any of these courses should be presented to the president or the dean of the college, who will be pleased to help you in planning your educational career.

Cordially yours,

Editor of the Catalogue

BUSINESS ADMINISTRATION

Four-Year Curriculum

The preparation of young men and women for vocational positions in business is covered in this curriculum, which has its majors and minors clearly defined and listed on pp. 50-54 of this catalogue. A typical four-year program is also outlined below:

FIRST YEAR

First Semester	Second Semester
English 101	English 102
Biology 103	Biology 104
Religion 103	Speech 131
History 101	History 102

Health 130	Mathematics 132
Mathematics 131	Science
Accounting 221	Accounting 222
Economics 201	Economics 202
Physical Education	Physical Education

THIRD YEAR

First Semester	Second Semester
Fine Arts	Science (2 courses) or Mathematics
Psychology 271	Insurance or Retail Selling
Intermediate Accounting 321	Intermediate Accounting 322
Economics 307 or Economics 310	Advertising 312 or Tax Accounting 324
Major Elective	

FOURTH YEAR

First Semester	Second Semester
Economics 307 or Economics 310	Tax accounting or Marketing 311
Business Administration 409	Business Administration 410
Economics 309	Economics 402
Major or minor electives	Major or minor electives

Note: the above sequence of courses provides for a minor in Economics, which is the recommended minor for Business Administration majors. If students desire to have a different minor, it can be arranged with a different sequence of courses. The above listing is simply suggestive and not necessarily required.

The business vocations for which this curriculum will be an approach include selling (both personal and retail), accounting (both tax and general), insurance, personnel work, general office work, self-employment in business. There is great need for trained personnel in all these fields of work.

Courses preparatory to teaching Secretarial Science in high school are listed on p. 47.

ENGINEERING

Four-Year Program

A two-year program at William Carey College to be followed by a summer and two years in residence at Mississippi State University.

Note 1: Algebra and trigonometry may be taken for credit at William Carey College but will not be credited toward graduation in the School of Engineering at Mississippi State University. New entrance requirements (from high school) at Mississippi State, effective June 1, 1961, are:

English	4 units
Social Studies	2 units
Science (Biology, Chemistry, or Physics)	2 units
Mathematics (Algebra, Geometry, and Trigonometry)	4 units
Electives	4 units
	16 units

Note 2: Students must enter the School of Engineering at Mississippi State University in the summer following their sophomore year at William Carey to take the professional engineering courses required for junior standing. They can then graduate in two more years. By taking 67 hours at Carey and 12 in summer school following the sophomore year, students may graduate by taking 65 hours in their last two years. Mississippi State requires 144 hours for graduation from the School of Engineering.

FORESTRY AND GAME MANAGEMENT

Five-Year Program

William Carey College offers a program in Forestry and Game Management in cooperation with the School of Forestry of Louisiana State University. Upon successful completion of a five-year coordinated course of study, a student will have earned the Bachelor of Science degree of Forestry or Master of Science in Game Management from Louisiana State University. *The first three years of the program are spent at William Carey.* Here the student obtains a sound education in the humanities and other liberal arts in addition to the sciences basic to forestry or game management. *The student then devotes the last two years of his program to the more professional curricula of forestry or game management at Louisiana State University.* At the end of the fourth year certain courses are transferred back to William Carey to be applied toward the Bachelor of Science degree. The student, if he has a 1.5 average or better, may enter the Graduate School for his fifth year and may earn the Master of Forestry or Master of Arts in Game Management.

HOME DEMONSTRATION WORK

Among the most vital careers for which college home economics prepares are those dealing with children, youth and families to help them attain happy personal and family lives.

The extension program provides this opportunity through home demonstration agents and youth group leaders, who are called associate or assistant home agents.

The following is a program designed to equip home economists to meet the needs of this work. It is also the outline of work that is necessary for teaching home economics.

LAW

Six-Year Program

Six-year program leading to a Bachelor of Arts degree from William Carey College and a degree in Law from a law school. The first three years are taken at Carey College and the last three, at a law school. The following program has been designed to meet the requirements of standard schools of law and to provide the student with the background essential to proper preparation for study in law.

MEDICAL TECHNOLOGY

Four-Year Program

Offered jointly by William Carey College and the Schools of Medical Technology of the University of Mississippi School of Medicine, Mississippi Baptist Hospital, and the Mobile, Alabama Infirmary. This leads to both a Bachelor of Science degree from William Carey College and a certification by the Registry of Medical technologists. The first three years are taken at William Carey College and the last year, at either the University of Mississippi School of Medicine, Mississippi Baptist Hospital, or Mobile Infirmary.*

MEDICINE

Seven-Year Program

Leading to both a Bachelor of Science degree from William Carey College and a degree from a medical school. The first four years are taken at William Carey and the last three, at a medical school.

The program below not only meets the requirements for admission to most medical schools, but it also serves as excellent preparation for the study of Dentistry or Veterinary Medicine.

NURSING

Three-Year Program

This program leads to a certificate of completion of the pre-nursing program from William Carey College at the end of the first year and to a Diploma from the Methodist Hospital School of Nursing at the end of the third year. All applications for this program should be made to Director, Methodist Hospital School of Nursing, Hattiesburg, Mississippi, before August 1.

SECRETARIAL SCIENCE

Two-Year Terminal Curriculum

The division of Economics and Business Administration offers a two-year terminal course in Secretarial Science—a course designed on its completion to prepare students to do secretarial or stenographic work in business, professional, and government offices.

The demand for secretaries and stenographers trained at Carey College is much greater than the college is able to provide through its four-year course. The secretarial program will therefore be intensified and a certificate of its completion awarded in two years to students who take the prescribed courses.

The recommended curriculum for this work is as follows:

FIRST YEAR

First Semester	Second Semester
English 101	English 102
Typewriting 133	Typewriting 134
Accounting 221	Accounting 222
Shorthand 131	Shorthand 132
Speech 131	Sec. Practice or Office Machines
Physical Education	Physical Education

SECOND YEAR

First Semester	Second Semester
Shorthand 231	Home Ec 141 or 142
Typewriting 233	Art 330
Journalism 401	Business Communications 313
English 201	English 202
Economics 309 or Tax Accounting 324	Office Machines 334 or Secretarial Practice 401
Physical Education	Business Elective
	Physical Education

This is not a degree program, but students electing this two-year curriculum may convert it to such a program by remaining in school a full four years and meeting all graduation requirements. All courses listed above that have been taken by the student would then count toward a major or minor in Secretarial Science or Business Education (teacher training) in the Division of Economics and Business Administration.

TEACHING

Four-Year Program

Leading to both a Bachelor of Arts, a Bachelor of Science, or a Bachelor of Music degree from William Carey College and a Class A professional certificate for teaching from the State of Mississippi. Each state has its own requirements for teacher certification, but the person who satisfies all of the requirements in Mississippi will have satisfied essentially all of the requirements of other states also.

Prospective elementary school teachers take either the Bachelor of Arts or the Bachelor of Science curriculum with a major in Elementary Education and a minor in some subject of their own choosing, such as English and Speech, General Science, Social Studies, etc..

Prospective high school teachers take the Bachelor of Science curriculum if they are to teach General Science, Chemistry, Biology, Mathematics, Home Economics, Physical Education, or Secretarial Science. They take the Bachelor of Arts curriculum if they are to teach English, Speech, Foreign Languages, or Social Studies. They ordinarily choose as a major the subject which they expect to teach. They have an automatic minor in secondary education when they take the 18 hours of professional education and psychology required by the state for high school certification.

TRAINING FOR FOREIGN MISSIONARY SERVICE

With the aid of qualified persons, an area of suggested subject matter for the mission volunteer has been outlined that will prepare him adequately for seminary study. This includes, in addition to the core requirements, the following courses: Introductory Sociology, Missions, History of Religions, History of the Far East, History of Latin America, and Educational Psychology, in addition to readings in anthropology and, in general, a wide background in the cultural subjects. This group of studies does not require any particular major, but may be correlated with any one of several majors.

During his first semester on the campus, the mission volunteer should confer with the chairman of the Division of Religion and Philosophy and map out a tentative program of studies for the rest of his college course.

A BRIEF WORD ABOUT GRADUATE STUDY

While no prescribed curriculum can be outlined for preparation for graduate study as in the foregoing pre-professional curricula, the following considerations can be noted.

The demands of graduate study make imperative a strong undergraduate major and also a strong minor, preferably in a closely related field. At the same time, since there is such a high degree of concentration in graduate study, undergraduate work in the major and minor should not be so highly concentrated that broad general education is sacrificed thereby.

At least a reading knowledge of one or more foreign languages is a usual requirement for advanced degrees. The undergraduate course is the best time for acquiring this knowledge, or strengthening any language work done in high school.

Finally, the quality of undergraduate work ought to be better than the average required for the bachelor's degree.

Divisions of Instruction

DIVISION OF ECONOMICS AND BUSINESS ADMINISTRATION

CLARICE M. ROBINSON, Professor and Head of Division

JULIA O. LOPER, Assistant Professor

The Division of Economics and Business Administration offers courses to meet the needs of three types of students: (1) Those who plan to enter the business field as accountants, office managers, secretaries, etc.; (2) Those who plan to teach business; and (3) Those who plan to do advanced or graduate study.

The Division offers the course in business education leading to a high school certificate in the teaching of business subjects.

The curriculum of this Division consists of a comprehensive program of general education plus the technical vocational training.

REQUIREMENTS FOR MAJORS

Business Administration: 24 semester hours composed of the following courses: Business Administration 409-410; Accounting 221-222; Economics 201-202, 307, 310. In addition, 12 semester hours from any other courses in the Division. Suggested: Business Education 131, 334; Business Administration 311, 313, 413, 414; Accounting 324; Economics 309.

Secretarial Science: 36 semester hours composed of Economics 201; Business Administration 111, 409-410; Business Education 131-132, 231 (or Business Education 231, 232); Business Education 233-234, 334; Accounting 221-222. In addition, 3 hours to be elected from any other courses in the Division, preferably in Secretarial Science. Students intending to teach commerce in high school must elect Accounting 324 or 321.

Additional Suggestions:

If a student cannot offer evidence of proficiency in typing, he must complete 6 semester hours in this field.

Education is a required minor for prospective teachers of business subjects. See requirements for a state professional license, p. 47.

If the student evidences proficiency in beginning shorthand, he may enroll in advanced courses in that field. In this case he will take additional elective hours within the Division to fulfill the requirement of 36 semester hours.

REQUIREMENTS FOR MINORS

Economics: 18 semester hours composed of Economics 201-202, 307, 402, Accounting 221-222 (or 321-322).

Business Administration: 18 semester hours composed of Economics 201; Business Administration 313, 409-410; Accounting 221-222.

Accounting: 12 semester hours composed of Accounting 221-222; 321-322. In addition, 6 semester hours to be elected from Accounting, Business Administration, or Economics.

Secretarial Science: 15 hours composed of Typewriting, 6 Hours; Shorthand, 6 Hours; Office Machines, 3 Hours. In addition, 6 Hours in other courses in the division, preferably secretarial science.

Two-year Terminal Program: Students wishing to take secretarial science in the two-year terminal curriculum may postpone required graduation requirements of the first two years, except English. See p. 43 for details on the two-year program.

HEALTH, PHYSICAL EDUCATION, AND RECREATION

The purpose of the program in Health, Physical Education, and Recreation is to promote the development of good health attitudes and habits of exercise; to provide instruction in skills that can be used in lifetime recreational pursuits; and to prepare teachers, coaches, and other specialists in the fields of health, physical education, and recreation. The College provides an extensive program of intramural sports of seasonal activities such as softball, volley ball, touch football, basketball, tennis, golf, table tennis, and swimming. Students are urged to participate in these pleasurable and wholesome forms of recreation.

REQUIREMENTS FOR B.S. DEGREE IN HEALTH, PHYSICAL EDUCATION, AND RECREATION

Thirty-four semester hours are required: Health 130, 342, 401, 430, and 434; Physical Education 330, 339, 431, 433, and 6 semester hours of electives from any other Physical Education theory courses.

REQUIREMENTS FOR A MINOR IN HEALTH, PHYSICAL EDUCATION, AND RECREATION

Eighteen semester hours are required for a Minor in Health, Physical Education, and Recreation.

General Requirement: The College requires that all young men and young women have two hours of activity courses in physical education a week during the Freshman and Sophomore years, making

a total of 4 semester hours of credit for graduation. All students are required to have 3 semester hours of credit in Health theory for graduation. Activity courses should be selected so that areas of team sports, rhythms, and individual sports may be represented in the student's program. A fee of $1.00 is charged for each activity course.

Intercollegiate Competition: Competition is provided in basketball and baseball. A varsity athlete may receive a maximum of one semester hour credit per school year for each varsity sport.

Excuses: No student will be excused from participation in the activity courses except the physically handicapped. Students who are unable to participate in an activity course may be permitted to take courses in theory subjects of Physical Education to make up for the deficiency in hours incurred by physical disability. It is suggested that courses such as Health, First Aid, and Recreational Leadership be substituted for the required activity courses.

Uniform: The regulation uniform for women consists of white cotton shirt, red shorts, white socks, and white tennis shoes. A regulation swim suit is required of all students in swimming classes. The shirts, shorts, and swim suits must be purchased from the College Book Store.

The regulation uniform for men consists of white T-shirts, red shorts, white socks, and white tennis shoes.

Transfer Students: All transfer students who do not have four hours credit in physical education courses and three hours credit in health will be required to make up this deficiency.

Veterans will be given one hour's credit without a grade for each six months in service up to a maximum of twenty-four months, provided that the veteran furnish the registrar documentary evidence of length of service.

MUSIC

The general aim of music study at Carey College is to help the student discover and develop his own musical capacities and interests. The implications and applications of this discovery may contribute to the student's cultural, intellectual, and character development; his self-expression and recreation; or his practical use of music as a profession. In accord with this basic tenet, the courses of study in music have a four-fold purpose: (1) To offer every student an opportunity for acquaintance with music as one area of general culture, and for training and participation in this area; (2) To give intensive professional training to the student who chooses to specialize in performing or teaching in the field of his particular musical aptitude and interest, and to prepare him for advanced professional training; (3) To prepare teachers and supervisors of music in state-approved curricula for elementary and secondary public or private schools; and (4) To train for music leadership in Christian service.

Admission to Music Degree Curricula

All entering music degree students must satisfy the entrance requirements of the college.

College work in applied music is based upon a three-to-four year preparatory course or the equivalent in proficiency for students of keyboard and orchestral instruments, and a one-year in voice and one-to-two year in piano preparatory course or the equivalent in proficiency for students of voice and public school music. Students may be

admitted with less preparatory work subject to faculty approval, but may need to enter deficiency courses or take supplementary work. Students entering applied music courses will be expected to demonstrate the level of proficiency attained at auditions before the music faculty during orientation week of their first period of enrollment at Carey College.

The student majoring in music may elect his curriculum from one of the following degree plans: Bachelor of Arts with concentration in Applied Music, Theory, or Church Music. Bachelor of Music, (a) with major in Music Education and concentration in Applied Music, (b) with major in Church Music and concentration in Organ, Piano, or Voice, (c) with major in Applied Music (Organ, Piano, Voice, Violin, Clarinet, or Trumpet). Freshmen may have the first year to determine their choice of degree plan but should indicate this choice not later than the end of the freshman year, and in any event must enroll in Theory and Applied music courses for the first semester of study at Carey College.

All entering freshmen and transfer students who desire to pursue a degree with a major or a minor in music must appear before the music faculty at the times scheduled during the registration period for placement testing. This testing program is designed not to affect the admission of the student to the music division, but rather to establish the musical needs of the student and assist the faculty in counseling. Any music student who shows a deficiency in any area of his major or minor will be required to include additional courses in his area of study to remove this deficiency.

The placement testing program consists of the Theory Placement test, auditions in both major and minor applied music subjects, Ensemble auditions, and the Musical Aptitude test. For those students who feel qualified upon entrance to meet the requirements in functional keyboard facility, a Piano Proficiency examination will also be offered. A student who passes this examination need not enroll for applied minor study in Piano but may substitute elective hours in its place.

The credits of transfer students who seek advanced standing in applied music, theory, conducting, or instrumental techniques, will be subject to placement by the faculty of the Division of Fine Arts. Examinations are scheduled for transfer students a few days before enrollment. The Fine Arts faculty will determine whether the courses in music which the student has taken at another institution are the equivalent of courses which are listed as requirements in the curriculum of the student's choice.

Applied Music

Before the initial registration for applied music study in any application, the student must arrange for an audition with the music faculty.

N.B. The faculty reserves the right to defer classification in applied music. Any new student may remain unclassified in applied music until the end of his first semester of study at Carey College, when the progress and level of proficiency demonstrated by the student during that period will determine his standing.

Lessons:

To meet the applied music requirements for any degree with a major or concentration in applied music, each student will be required to enroll in his major or concentration applied music subject each semester of his degree study. Enrollment is for the full semester, and no refund in fees will be made for absence from lessons. In the event of extended illness, fees may be adjusted according to the circumstances.

Courses in applied music on the major or concentration level require two private lessons per week or one class lesson and one private lesson at the discretion of the faculty.

A student who must be absent from a scheduled lesson is required to notify the teacher at least an hour before the beginning of his lesson time. If such notice is not given, the student forfeits the right to a make-up lesson.

Lessons missed by the teacher will be made up at the mutual convenience of the teacher and student.

The number of lessons per semester will depend upon the number of lesson hours falling on regular school days, not including college holidays. Lessons missed because of holidays or official school events will not be made up.

Practice Requirements:

Practice hours are assigned on a weekly basis. The number of hours per week will depend on the amount of credit to be received. Two semester hours of credit requires a minimum of one hour per day practice, or six hours per week. Three hours of credit requires one-and one-half hours of daily practice, or nine hours per week; four hours of credit requires two hours of daily practice or twelve hours per week. The schedule for private lessons and practice hours is arranged by the teacher after enrollment is completed and fees are paid.

All practice is to be done in the private practice rooms provided by the music department unless excused by the Head of the Division of Fine Arts.

Recital Requirements:

Junior and Senior Recitals. Students who pursue the B.M. degree and have a major in any applied music area (Curriculum Plans IV and V) will present a recital with assistance in the Junior year, and a full graduation recital without assistance in the Senior year in order to meet the performance requirements for the B.M. degree. No academic credit is given for any recital.

Senior Half-Recital. Students who pursue the B.A. degree with a concentration in applied music, or those who pursue a B.M. degree with Music Education or Church Music as a major (Curriculum Plans I, VI, and VII) will present a graduation recital in the senior year with or without assistance at the discretion of the faculty and Head of the Division of Fine Arts.

Recital Hearings. No later than two weeks prior to the scheduled recital date, each student who presents a Junior or Senior half or full recital to meet degree requirements will perform that recital before a faculty jury. No recital may be presented in public without this faculty approval.

Student Recitals. The music department sponsors semimonthly student recitals. Each student with a major or concentration in music is expected to appear in student recital at least once each semester. Students who pursue the B.A. degree with a major in theory or church music are excused from this requirement. A student who minors in music will participate in recitals at the discretion of his instructor.

Recital Attendance. All students with either a major or minor in music and all students enrolled in applied music are required to attend recitals, concerts, and lectures on music given under the auspices of the Division of Fine Arts. In addition to graduation and student recitals, the Carey College Fine Arts Series presents faculty recitals, organizational and ensemble recitals, and occasional recitals of a community nature.

Opportunities to Hear Music:

The Hattiesburg Community Concert Series is available to Carey College students by season subscription. The Fine Arts Series of the college will present one major work or one opera or opera excerpt each year in addition to concerts including shorter works of representative composers and periods. All concerts of the regular series are open and free to the public. In addition to live music, the library includes modern listening facilities and a representative collection of recordings and scores.

Semester Examinations in Applied Music:

A faculty jury examination is conducted at the close of each semester for work in all applied music subjects. Each student will perform before the faculty panel in each applied subject for which he is enrolled, whether major, concentration, minor, or elective, with one exception. Students who give degree recitals (Junior or Senior) during any semester will be exempt from the jury examination for that semester, and will substitute the required recital hearing. Semester examination grades will be determined by the jury in conjunction with the individual instructor, or by the jury grade on the recital performance.

All applied music concentrations must perform their music before the jury from memory. All applied music secondaries must perform a minimum of three selections from memory. It will be permissible to use music for all studies of a purely technical nature.

Upper Level Examinations in Applied Music:

At the end of the sophomore year, or at the mid-point of degree study in music, each student will have, in lieu of the regular semester examination, a special examination in his applied music major or concentration to determine his eligibility for upper-level music study. The student may not change his applied music concentration or major after this examination except with approval of the entire faculty of the Division of Fine Arts.

Proficiency Examinations

Before a music major may qualify for graduation, he must satisfy by individual examination, the proficiency requirements in sight-reading and aural skills, and in both piano and voice with the exceptions listed under these headings. These examinations may be taken at any time after the minimum hour requirements for the respective degrees have been met in the given applications. Students must enroll in secondary piano or voice until the proficiency tests have been passed regardless of hour requirements. Proficiency examinations will be given during orientation week for incoming students, and once each semester for those previously enrolled. It is the responsibility of the individual student to sign up for these examinations when he and his teacher feel he is qualified. Since the purpose of these examinations is to demonstrate the student's ability to use his voice, piano, sight-reading, and listening skills as tools in his chosen area of professional music activities, the requirements will vary for the different degrees.

1. **Piano Proficiency.** Given the second Saturday in January, May, June, and July. All students who major in music under both the B.A. and B.M. degrees except those whose applied major or concentration is organ or piano, must pass a piano proficiency test or enroll in secondary piano until this requirement is met. No student will be recommended for graduation until he has completed this requirement.

   (a) Concentration in applied voice or orchestral instrument. (B.A. in applied music or church music; B.M. in music education or church music)

   Play one piece* or prepared accompaniment.

   Read a solo vocal part together with simplified piano accompaniment.

   Sight-read community songs (such as Twice 55) or simple hymn-tunes.

   Improvise a folk song or hymn-tune accompaniment, modulate, and transpose the song or harmonization to other keys.

*Memorization is not required. Pieces should be comparable in difficulty to: Clementi, Sonatinas; Bach, Preludes from Well-Tempered Clavier; Mozart, Sonatinas; Beethoven, Op. 49 or Bagatelles; Mendelssohn, Songs Without Words; Bartok, Children's Pieces, or Mikrokosmos, vols. beyond II.

Demonstrate ability to read fairly fluently piano compositions of the type used for school rhythmic activities. (Music Education majors).

(b) B.A. in theory.

Play one piece* or prepared accompaniment.

Read a solo vocal part together with a simplified accompaniment.

Sight-read community songs or simple hymn-tunes.

Read from figured bass or fill in harmonies between given bass and soprano.

Read a single line to demonstrate rhythmic grasp.

(c) Major in voice (B.M. in applied music)

Play one piece* or prepared accompaniment.

Read a solo vocal part with simplified accompaniment.

Read a single line to demonstrate rhythmic grasp.

Sight-read art songs or slow-movement accompaniment of average difficulty.

Transpose simple accompaniments, one tone up or down.

2. **Voice Proficiency.** Given the second Saturday in January, May, June, and July. All students who major in music under both the B.A. and B.M. degrees, except those whose applied major or concentration is voice, must pass a voice proficiency test or enroll in secondary voice until this requirement is met. For all degree plans, the following requirements apply:

Sing from memory one prepared song with good intonation, musical accuracy, and a reasonable sense of style.

Sing with resonant quality in a range of at least an octave and a half. This implies a pleasant singing voice free of objectionable quality and capable of musical accuracy throughout the entire range. The student will be expected to demonstrate technical facility sufficient to use his singing voice effectively as a tool in various aspects of teaching and conducting.

Sing at sight a folk song or hymn.

3. **Sight-Reading and Listening Proficiency.** Given the second Saturday in January, May, June, and July. All students who major or minor in music must pass a proficiency test in sight reading and aural skills. A deficiency course in this area may be indicated for students who do not succeed on the first examination. The general and specific parts of this examination may be taken at different times upon recommendation of the instructor.

(a) For students with a major or concentration in music.

(1) All degrees:

Sight-tap single line rhythms.

Sing at sight not only from the melody line but from

*See footnote bottom of page 70.

the line of inner voice parts as well, at a level of difficulty corresponding to simple Bach chorales.

Emphasis will be placed on rhythmic as well as tonal accuracy.

Aural recognition of major, minor, augmented and diminished chords, and intervals.

Aural recognition of simpler stylistic characteristics of the various periods in the history of music.

Aural recognition of themes from major works studied in the student's particular curriculum.

Aural recognition of errors in the singing of a simple melody while following the score by sight.

Aural recognition of errors in the playing of a simple score while following that score by sight.

(2) Piano and organ major and concentration students, in addition to (1) above:

Demonstrate adequate ability in sight reading in the area of the student's major or concentration. This will include more difficult solo or anthem accompaniments, accompaniment of classic oratorio (organ), ability in transposition at sight, open-score reading (level of simple string quartets or four part anthems), and improvisation. Emphasis will be placed on rhythmic as well as tonal accuracy.

(3) Voice major and concentration students, in addition to (1) above:

Sight read at the keyboard a single line vocal part from one of the larger choral works.

(4) Orchestral instrument concentration students, in addition to (1) above:

Demonstrate adequate ability in sight reading in the student's own application. Emphasis will be placed on rhythmic as well as tonal accuracy.

Demonstrate ability to transpose and play readily parts written for student's instrument (as clarinet, trumpet) in all keys.

(b) For students with a minor in music.

Aural recognition of major and minor chords and intervals.

Sing at sight a given melodic exercise stressing rhythmic as well as interval relationships.

Sight read in the area of the student's minor applied study, materials selected from those indicated for minor study in that area.

Ensemble Requirements

All students with either a major or minor in music are required to participate in a choral or instrumental major ensemble each semester they are on the campus unless specifically excused by the Head of the Division of Fine Arts.

Outside Performance and Instruction

No student of the College, whether or not he is enrolled in music, may appear as a representative of Carey College in public musical performance, except by permission of the Head of the Division of Fine Arts. A student in applied music may appear as soloist on public programs only with the approval of his teacher. The faculty reserves the right to limit participation in music ensembles outside the college if such participation interferes with the desirable musical growth of the student.

Music students may not give instruction in music except under the supervision of a faculty member as a part of studies in pedagogy or as appointed student assistants. Students are not permitted to use college property for private enterprise.

More advanced studies in basic musicianship based on a stylistic approach to the contrapuntal harmonic technique of the 18th century. A study of four-part writing, seventh chords, altered chords, modulation, non-harmonics, chorale harmonization. Keyboard harmony. Advanced melodic, rhythmic, and harmonic dictation. Sight-singing. Prerequisite: T151-T152. Five hours a week, each semester.

Credit: Eight Semester Hours.

T351-T352. *Counterpoint.*

Survey of contrapuntal practices from 1500 to 1750 with particular emphasis on the late Renaissance and late Baroque periods. Study of two and three-part writing based on a stylistic approach to the works of Palestrina. Study of Bach's contrapuntal style with special stress on the different types of chorale preludes. Further writing of inventions and fugues. Prerequisite: T251-T252. Two hours a week, each semester.

Credit: Four Semester Hours.

T353. *Orchestration.*

A study of the instruments of the orchestra in regard to range, tone quality, and individual characteristics. A practical study of the art of scoring for the various choirs. Correlated listening. Prerequisite: T251-T252. Three hours a week, first semester.

Credit: Three Semester Hours.

T451-T452. *Form and Analysis.*

A course in the technique of harmonic, contrapuntal, and formal analysis of representative compositions of the Vienesse classical, Ro-

mantic, and Impressionistic schools. Prerequisite: T251-T252. Three hours a week, each semester.

Credit: Four Semester Hours.

T455. *Composition.*

A study of melody. Original composition in the smaller forms for piano, voice, and other instruments. Course may be repeated in pursuance of more advanced studies in composition. Prerequisite: T251-T252. Two hours a week.

Credit: Two to three Semester Hours.

III MUSIC EDUCATION

E121-E122. *Elementary Piano Class.*

Designed especially for students without previous work in piano. General keyboard facility. Sight reading of folk tunes and the easier classics, playing well-known melodies by ear, harmonizing melodies by ear. Playing accompaniments for children's songs and for adult group singing as used in community meetings. This course is not accepted toward a major in piano. Two hours a week, each semester.

Credit: Four Semester Hours.

E123-E124. *Elementary Voice Class.*

Group work; opportunity provided for individual attention and performance. Study of voice production, the principles of singing, and song material (selected songs in Italian and English). No previous training necessary. It is recommended that non-majors take this class and one one-half hour lesson a week, rather than two one-half hour lessons alone. Two hours a week, each semester.

Credit: Four Semester Hours.

E221-E222. *Elementary Organ Class.*

Private instruction in groups of four. A study of the organ touch and elementary registration principles. Scales and exercises for pedals and manual from Barnes. Simple hymn playing. Two hours a week, each semester.

Credit: Four Semester Hours.

E223-E224. *String Instruments Class.*

Elementary group instruction. The study and application of the fundamentals of playing stringed instruments including correct tone production, bowing, technique, and care of the instruments. Materials applicable for public school purposes are critically examined. Two hours a week, each semester.

Credit: Two Semester Hours.

E225. *Brass Instruments Class.*

Practical elementary class instruction is given to students on the instruments of the brass family with considerable attention devoted

to correct tone production, technique, and care of brass instruments. Critical examination of materials appropriate for use in public schools is included. Two hours a week, first semester.

Credit: One Semester Hour.

E241-E242. *Elementary Conducting.*

A study of the fundamentals of conducting both choral and instrumental groups; the technique of the baton, conducting without baton, orchestral score reading, a study of a large selected list of various types of choral literature, rehearsal techniques, song leading. Three hours a week, each semester.

Credit: Four Semester Hours.

Ed. 349. *Music Methods for Elementary Teachers.*

A course for elementary classroom teachers in the principles, techniques, and procedures for teaching music in the elementary schools, and materials from the music series books and other sources for use in this teaching. For non-music majors. Prerequisite, Music T150 or permission of the instructor. Three hours a week.

Credit: Three Semester Hours.

E312. *Vocal Pedagogy.*

The physiological, psychological, and acoustical problems of singing and the singer. Principles and methods pertaining to voice production and the teaching of voice individually and in groups. Three hours a week, first semester.

Credit: Three Semester Hours.

E313. *Materials and Methods in Elementary Public School Music.*

Methods and materials for music majors. Problems related to singing, music reading, rhythmic response, creative activities, music appreciation, and the schoolroom orchestra. Three hours a week, first semester.

Credit: Three Semester Hours.

E314. *Materials and Methods in Secondary Public School Music.*

A consideration of techniques and materials for general music, mixed chorus, glee clubs, voice class, theory, music appreciation, and program building. Important texts and current approaches are studied and evaluated. A list of materials suitable for carrying on various musical activities is compiled. Three hours a week, second semester.

Credit: Three Semester Hours.

E323-E324. *Woodwind Instruments Class.*

Elementary group instruction of a practical nature is given to students on the various woodwind instruments. Correct tone production, technique, and care of woodwind instruments with considerable attention devoted to embouchure and fingering problems of each instru-

ment. Suitable materials for public school use are evaluated. Two hours a week, each semester.

Credit: Two Semester Hours.

E326. *Percussion Instruments Class.*

Practical class instruction is given to students on the various percussion instruments. Care of instruments. Materials applicable for public school use are evaluated. Two hours a week, second semester.

Credit: One Semester Hour.

E341. *Advanced Conducting.*

Development of dexterity, coordination, and skill in conducting. Principles of interpretation and the control of sound. Score reading and analysis. Sections for choral and instrumental conducting. Prerequisite E242. Three hours a week, first semester.

Credit: Two Semester Hours.

E411. *Piano Pedagogy.*

A study of teaching procedures and materials for piano instruction with adaptation to various age levels including the adult beginner. Correct habits of study and performance, recognition of individual differences, presentation of sight-reading, technical material, aural development, memorization, pedaling, musical interpretation. Leading piano methods and supplementary materials are examined with application to individual and class lessons. Two hours weekly observation of Music Education E121 is required. Two hours lecture a week, first semester. Offered 1957-1958 and in alternate years thereafter.

Credit: Three Semester Hours.

E413. *Directed Teaching of Voice.*

Advanced consideration of the principles and problems of voice production and voice teaching, presented from a practical standpoint. Choral problems with voice groups. Gives the student supervised experience in teaching voice, supplemented by demonstration and discussion in class. Training in aural recognition of common vocal faults. Prerequisite E312. Three hours a week, second Semester. Offered alternate years

Credit: Three Semester Hours.

E421. *Directed Teaching of Piano.*

This course is designed to give the student supervised experience in teaching beginning and intermediate piano students. Prerequisite: Music Education E411. Two hours a week, second semester. Offered 1957-1958 and in alternate years thereafter.

Credit: Two Semester Hours.

E423. *Directed Teaching in Public School Music.*

Practice teaching under supervision in a public school system supplemented by conference and discussion in the college classroom. Students electing this course are expected to arrange with the instructor for their assignment and to meet their teaching assignments regularly on all days within the limits of the college semester when the schools are in session. Students taking Music Education 421 may take this course for four hours. Not offered "in service" nor in summer sessions.

Credit: Three Semester Hours.

412. *Honors Reading Program in English.*

This program is open only to juniors and seniors who are maintaining a B average or better in their studies. The student registers for the course with the permission of the Head of the English Department. The course consists of reading a group of selected books and reporting on them in accordance with the procedure prescribed by the English Department. There are no meetings of this class.

Credit: Three to Six Semester Hours.

413. *Copy Editing and Newspaper Make-Up.*

Practice in the principles and techniques of copy reading and newspaper make-up. Includes rewriting newspaper copy, proofreading, writing headlines, and processing different types of news. Practice in fitting together news stories and illustrations to form an attractive paper. Will not count on an English major. Three hours a week, first semester, even years.

Credit: Three Semester Hours.

417. *Modern British Poetry.*

A study of twentieth and late nineteenth century British poets with practice in poetic analysis. Three hours a week, first semester, odd years.

Credit: Three Semester Hours.

418. *Modern American Poetry.*

A study of twentieth and late nineteenth century American poets with practice in poetic analysis. Three hours a week, second semester, odd years.

Credit: Three Semester Hours.

420. *Continental Novel*

Reading and criticism of works of continental writers including Balzac, Tolstoy, Dostoevsky, and Mann. Three hours a week, second semester, even years.

Credit: Three Semester Hours.

SPEECH AND DRAMA

The objective of the speech and drama courses is to improve the student's habits and abilities in communication—his voice, his speech-composition, and his oral interpretation of literature in its various forms. In order to achieve this objective an effort is made to develop the student's potential ability in public speaking, oral interpretation, and dramatics.

131. *Speech Fundamentals.*

Includes training in voice and diction, in group discussion, in the preparation and delivery of short speeches for different purposes, in oral reading of simple materials, in listening, and in constructive evaluation. It is a core requirement. Three hours a week. Offered each semester.

Credit: Three Semester Hours.

132. *Public Speaking.*

The preparation and delivery of effective speeches to an audience on various subjects for different purposes. Three hours a week, second semester.

Credit: Three Semester Hours.

232. *The Speaking Voice.*

This is a course in phonetics and voice-science—the physiological, neurological, and psychological bases of all speech. It is designed to improve the quality of the voice and to establish acceptable habits of diction. Attention is given to practical usage of the acceptable guides for pronunciation and articulation. Three hours a week, second semester.

Credit: Three Semester Hours.

233. *Fundamentals of Oral Interpretation.*

A study and application of the principles and natural techniques of reading to an audience. This is a basic course for all students preparing for the fields of preaching and teaching. Three hours a week, first semester.

Credit: Three Semester Hours.

234. *Discussion and Debate.*

A study of discussion methods, types, and techniques; a consideration of the principles and techniques of debate; a study in clear, logical, argumentative communication. Offered summer 1962 and in alternate summers thereafter.

Credit. Three Semester Hours.

331. *Acting.*

The use of the voice and the body in the formulation of a particular character: the art of employing space, sound and silence, and movement, in the creation of a character; perception for the projection of the character to an audience. Three hours a week. Offered first semester, odd years.

Credit. Three Semester Hours.

333. *History of the Theatre.*

The theatre as an art: its beginning and progress through history from ancient times to the present. Offered Summer 1961 and in alternate summers thereafter.

Credit. Three Semester Hours.

334. *Creative Dramatics.*

A study of the principles and theories of imaginative play-making with children. This course is especially useful for elementary school teachers. One hour a week, offered odd years.

Credit: One Semester Hour.

335. *The Theatre: Appreciation and Practice.*

The backgrounds and theories of the drama and the theatre: an introduction to the cultural, historical, and social aspects of the drama; a survey of present-day trends in the theatre; a consideration of the practical aspects of producing a play for public performance. Three hours a week, first semester.

Credit. Three Semester Hours.

336. *Drama in the Church.*

The evaluation, adaptation, and selection of drama for production within the church. Prerequisite: Speech 335 or by consent of the instructor. One hour a week, first semester, even years.

Credit: One Semester Hour.

338. *Parliamentary Procedure.*

This course is concerned with the technique of common practice in group discussion and assembly-debate. One hour a week.

Credit: One Semester Hour.

355. *Problems in Speech and Drama.*

Research, problems, and practical applications in the field of speech and drama; the student is assigned special projects by the instructor, and meets class by arranged conferences. Offered each semester.

Credit. Three Semester Hours.

430. *Persuasive Speaking.*

This is an advanced course in public speaking with emphasis on the psychological principles of convincing and persuading an audience. Lecture and practice in preparing and delivering speeches for effectiveness. Three hours a week, first semester, even years.

Credit: Three Semester Hours.

435. *Play Directing.*

The methods of selecting, editing, designing, and executing the play for performance; the student is required to direct a one-act play for public performance. Three hours a week. Offered second semester, odd years.

Credit. Three Semester Hours.

436. *Methods of Teaching Speech.*

The methods, techniques, and objectives of teaching speech and drama in the secondary school; a study of effective means of presenting materials to a class from the various areas of the field of speech and drama. Offered Summer 1961 and in alternate summers thereafter.

Credit. Three Semester Hours.

437. *Advanced Oral Interpretation* (Emphasis on the Bible).

Provides for training in the oral interpretation of the Bible, the long poem, the story, the drama, and the novel. Prerequisite: Speech 233. Three hours a week, second semester.

Credit: Three Semester Hours.

FRENCH

111-112. *Elementary French.*

An elementary course in grammar and reading with oral drill. Three hours a week, both semesters. Note: No credit will be given on 111-112 if student has had two years or more of high school French.

Credit: Six Semester Hours.

211-212. *Intermediate French.*

This course includes a review of pronunciation and grammar and selected readings of novels, dramas, and short stories. Three hours a week, both semesters. Prerequisite: French 111-112 or the equivalent.

Credit: Six Semester Hours.

311-312. *Survey of French Literature.*

This course consists of a survey of French literature and the reading of representative masterpieces. Collateral reading and individual reports are required. Three hours a week. Offered upon demand.

Credit: Six Semester Hours.

SPANISH

121-122. *Elementary Spanish*

An elementary course in grammar and reading with oral drill. Three hours a week, both semesters. Note: No credit will be given on 121-122 if student has had two years or more of high school Spanish.

Credit: Six Semester Hours.

221-222. *Intermediate Spanish*

This course includes a review of pronunciation and grammar and selected readings of novels, dramas, and short stories. Three hours a week, both semesters. Prerequisite: Spanish 121-122 or the equivalent.

Credit: Six Semester Hours.

321-322. *Survey of Spanish Literature*

This course consists of a survey of Spanish literature and the reading of representative masterpieces. Collateral reading and individual reports are required. Three hours a week. To be offered in 1960-1961 and in alternate years thereafter.

Credit: Six Semester Hours.

326-327. *Conversational Spanish.*

Practice in speaking and hearing Spanish. The purpose of this course is to give the student as much skill as possible in the use of Spanish as a spoken language. Three hours a week both semesters.

Credit: Six Semester Hours.

LATIN

101-102. *Elementary Latin.*

Grammar and reading. Emphasis is placed upon Latin words as the source of our English vocabulary. Three hours a week both semesters, even years.

Credit: Six Semester Hours.

201-202. *Intermediate Latin.*

Review of grammar and further practice in reading. Continued emphasis upon Latin words as the source of English vocabulary. Three hours a week both semesters, odd years.

Credit: Six Semester Hours.

DIVISION OF NATURAL SCIENCE

LILLIAN WEIDENHAMMER, Professor of Chemistry and Head of Division
M. ROY HOOD, Associate Professor of Biology
EVELYN McCLURE, Associate Professor of Home Economics
ROBERT MADISON, Associate Professor of Mathematics
*PAUL W. SPIKES, Associate Professor of Mathematics
WILEY J. MOODY, Instructor in Chemistry and Physics
GERTRUDE BASS SMITH, Instructor in Biology

The Division of Natural Science consists of five branches: (1) Biology, (2) Chemistry, (3) Physics, (4) Mathematics, and (5) Home Economics.

The aims of the division are the following: (1) To provide culture and appreciation of things of the animate and the inanimate world, (2) To correlate the basic facts and ideas of the various fields of science, (3) To furnish a foundation for further study in technical and professional schools, and (4) To provide courses which will prepare students to teach science in elementary and secondary schools or to pursue successfully graduate study in their chosen fields.

Pre-professional Training

Students planning to enter a medical or dental school should plan their programs from the first semester so as to include those courses required by the medical or dental school of their choice. Foundation courses for study in these two fields are adequately provided in the academic offerings of Carey College.

A current **Handbook** of American Medical Colleges is available in the office of the counselor for premedical and predental students. This **Handbook** gives the entrance requirements, in addition to other important information, of every reputable medical college in the United States.

All schools of medical technology now require three years of college work for admission. Arrangements have been made with the School of Medical Technology of the Mississippi Baptist Hospital and the division of Medical Technology of the University of Mississippi, School of Medicine, whereby a student who has completed three years of work at Carey College may take the fourth year at their Schools of Medical Technology and apply the credits earned there toward the bachelor's degree at Carey. In this way, a student can earn, in four years, a bachelor of science degree from Carey and, at the same time, a degree in medical technology from either of these schools.

Students interested in engineering would find it to their advantage to take work in a liberal arts college before entering a technical school. According to the findings in a recent study made by the American Society of Engineering Education, "Engineering educators through-

*Leave of absence 1961-62.

out the country are in nearly unanimous agreement that their students would profit—as professional men, as citizens, and as individuals —from a fuller acquaintance with the resources of the humanities and social sciences." Many of the leading engineering schools are, accordingly, introducing required courses in these areas into their curricula. It is recommended, therefore, that anyone coming to Carey who is considering engineering as a profession and who does not plan to continue to work for a degree here, take at least the core curriculum in the humanities and social science, as well as fundamental courses in mathematics and science. See p. 37.

Requirements for Majors

Biology: 30 semester hours in Biology including Biology 103, 104, 205, 206, 403, 404; Chemistry 111-112 is required. Organic Chemistry and a foreign language are recommended.

Chemistry: 30 semester hours in Chemistry including Chemistry 111, 112, 213, 214, 311, 312; Physics 121-22; Mathematics 131, 132, 231 are required. Calculus and a foreign language are strongly advised.

Mathematics: A major in mathematics shall consist of basic mathematics courses through Mathematics 332 and at least three courses from the 400 series.

Requirements for Minors

Biology: 18 hours.
Chemistry: 18 hours.
Mathematics: 18 hours including mathematics 331.
Home Economics: 18 hours, selected from the following courses: 141, 241, 341, 142, 242, 344, 347, 348, 349.

General Science (open only to elementary education majors): 32 hours of science and/or mathematics in any combination. Home Economics courses may not be counted on this 32 hours.

BIOLOGY

103. *Invertebrate Zoology.*

A general introduction to biological principles, especially as applied to the study of representative invertebrates. Particular emphasis is given to structural and physiological organization, heredity, adaptations, and relationships. Prerequisite to all other courses in biology. Three hours lecture and three hours laboratory a week, first semester.

Credit: Four Semester Hours.

104. *Vertebrate Zoology.*

A general survey of the vertebrate animals, with reference to morphology and physiology, growth and development, habits and

adaptations. Problems of conservation are considered briefly. The laboratory specimens for dissection and study include tunicate, perch, and frog. Prerequisite: Biology 103. Three hours lecture and three hours laboratory a week, second semester.

Credit: Four Semester Hours.

205. *General Botany.*

A first course in botany, presenting the plant as a unit, with emphasis on structure, function, development, and heredity. Prerequisite: Biology 103. Three hours lecture and three hours laboratory or field work a week, first semester.

Credit: Four Semester Hours.

206. *General Botany.*

A continuation of Biology 205, presenting the development and classification of the plant kingdom. Prerequisite: Biology 205. Three hours lecture and three hours laboratory a week, second semester.

Credit: Four Semester Hours.

304. *Local Flora.*

A study of the classification of local ferns and seed plants in order to familiarize the student with the distinguishing features of the large groups and with the use of of manuals. Prerequisite: Biology 103, 205, and 206. One hour lecture and three hours laboratory or field work a week, second semester.

Credit: Two Semester Hours.

305. *General Bacteriology.*

This course is designed to give a general survey of the field of bacteriology. Special attention is given in the laboratory to the preparation of media, the techniques of sterilization, culturing, and staining, and to the identification of micro-organisms. Prerequisite: Biology 103, Chemistry 111-112, and instructor's consent. Two hours lecture and three hours laboratory a week, first semester. Offered in 1957-1958 and in alternate years thereafter.

Credit: Three Semester Hours.

306. *General Bacteriology.*

A continuation of Biology 305. This course is designed for technicians, premedical students, and for those who have shown a special interest and proficiency in bacteriology. Prerequisite: Biology 103, 305. Two hours lecture and three hours laboratory a week, second semester. Offered in 1957-1958 and in alternate years thereafter.

Credit: Three Semester Hours.

401. *Human Anatomy and Physiology.*

This course is intended to acquaint the student with the gross and minute structure, form, normal function, and care of the human body. Prerequisite: Biology 103. Three hours lecture and three hours laboratory a week, first semester.

Credit: Four Semester Hours.

402. *Systematic Vertebrate Zoology.*

Lectures, discussions, and conferences as necessary. Largely laboratory and field work. A study of the classification of vertebrate animals, with particular reference to local fauna. Given on demand, either semester. One hour lecture and three hours laboratory a week.

Credit: Two Semester Hours.

403-404. *Comparative Anatomy of Vertebrates.*

A thorough dissection and comparative study of the several systems of organs of representative vertebrates. This course is of particular value to those interested in specialization in zoology and to premedical students. Prerequisite: Biology 103, 104. Two hours lecture and six hours laboratory a week, both semesters.

Credit: Eight Semester Hours.

405-406. *Biological Problems.*

This course will allow properly qualified students to undertake special studies in assigned fields. Only students who have the consent of the instructor will be allowed to register for the course. Hours to be arranged.

Credit: One to Six Semester Hours.

William Carey College is affiliated with the Gulf Coast Research Laboratory at Ocean Springs, Mississippi. This institution is operated by the Board of Trustees of the Institutions of Higher Learning of the State of Mississippi.

Credit earned there is sent directly to the registrar of Carey College. Courses are offered only during the summer. The cost per semester hour is approximately the same as for work taken on the campus. It is recommended that each biology major take at least one course at this institution.

The courses indicated by "G" are offered only at the Gulf Coast Research Laboratory.

Marine Invertebrate Zoology — Zoology 361G

A general study of the anatomy, life histories, distributions, and phylogenetic relationships of all marine phyla below the chordates, with special reference to Gulf species. Laboratory and field work will be included. Prerequisites: 12 semester hours of biology including general biology or zoology and junior standing.

Credit: Six Semester Hours.

Marine Vertebrate Zoology and Ichthyology — Zoology 362G

A general study of all the marine Chordata, including the lower groups, and the mammals and birds; most emphasis will be given to the fishes. Prerequisites: 12 semester hours of biology including comparative anatomy and junior standing.

Credit: Six Semester Hours.

Introduction to Marine Botany — Botany 361G

A laboratory, field and lecture course on the anatomy, distribution and general biology of the flowering plants and algae which grow in Mississippi Sound and adjacent waters. Prerequisites: 10 hours of biology, including introductory botany or consent of instructor.

Credit: Four Semester Hours.

Marine Zoology for Teachers — Zoology 431G

This course is designed to provide teachers of the biological sciences in the elementary and secondary schools with an opportunity to become acquainted with the coast. Field trips to many animal habitats will be made. Trips to shrimping grounds, oyster reefs, and seafood processing plants will be made. Each student will have an opportunity to make teaching collections of marine organisms. Prerequisites: No biological background required.

Credit: Four Semester Hours.

PHYSICAL SCIENCE

151-152. *Physical Science.*

A survey of the fundamental principles which, according to modern science, seem to govern the physical universe, and of the methods used by physical scientists to arrive at their conclusions. Three hours a week, both semesters.

Credit: Six Semester Hours.

121. *General Physics.*

A study of the fundamental principles of mechanics and sound. Music students may take this course to meet the core curriculum requirement in physical science. Three hours lecture, three hours laboratory a week, first semester.

Credit: Four Semester Hours.

122. *General Physics.*

A continuation of Physics 121. A study of the fundamental principles of heat, light, magnetism, and electricity. Prerequisite: Physics 121. Three hours lecture, three hours laboratory a week, second semester.

Credit: Four Semester Hours.

111-112. *General Chemistry.*

An introductory course laying stress on the fundamental principles of this science. The second semester is devoted chiefly to study of the behavior of ions in solutions, illustrated by laboratory work in systematic cations analysis.

Credit: Eight Semester Hours.

213-214. *Organic Chemistry.*

A systematic study of the compounds of carbon. Prerequisite: Chemistry 111-112. Three hours lecture, three hours laboratory a week, both semesters.

Credit: Eight Semester Hours.

312. *Quantitative Analysis.*

Principles and methods of volumetric and gravimetric analysis. Prerequisite: Chemistry 111-112. Two hours lecture, six hours laboratory a week, second semester.

Credit: Four Semester Hours.

The above basic courses will be given every year. The following will be given upon demand.

314. *History of Chemistry.*

A non-laboratory course designed for any student wishing a chemistry course beyond General Chemistry, especially those taking a minor in chemistry. Prerequisite: Chemistry 111-112. Three hours a week.

Credit: Three Semester Hours.

427. *Introductory Physical Chemistry.*

An introduction to theories applied to chemical systems, illustrated by experiments in physico-chemical measurements. Prerequisites: Chemistry 111-112, 213-214, 311, 312. Three hours lecture, three hours laboratory a week.

Credit: Four Semester Hours.

415. *Advanced Inorganic Chemistry.*

An intensive study of the properties of inorganic substances, especially as related to the structures of the atoms and molecules of which they are composed. Prerequisite: Chemistry 111-112. Three hours a week.

Credit: Three Semester Hours.

418. *Individual Study.*

Laboratory or library work on a project or projects chosen in consultation with the instructor. May be devoted to advanced work in quantitative analysis. Prerequisites: Chemistry 111-112, 213-214, 311, 312. Hours per week and credit are dependent upon the extent of the work undertaken.

MATHEMATICS

111. *Mathematics of Business.*

A course in the fundamentals of mathematical operations common to all areas of living. Emphasis on short methods of computation, especially those used in business practice. See Bus. Adm. 111. Recom-

mended for students whose high school algebra preparation is not sufficient for entering Mathematics 134. Three hours a week, either semester.

Credit: Three Semester Hours.

132. *Plane Trigonometry.*

A study of trigonometric functions, identities, theory of projection, right triangles, logarithms, oblique triangles, and trigonometric equations. Three hours a week, first semester.

Credit: Three Semester Hours.

134. *College Algebra.*

Includes the binomial theorem, progressions, complex numbers, theory of equations, logarithms, permutations and combinations, probability, determinants, partial fractions, and infinite series. Three hours a week, second semester.

Credit: Three Semester Hours.

231. *Plane Analytic Geometry.*

A study of the algebraic and trigonometric methods of solving geometric problems: cartesian coordinates, curves and equations, straight lines, circles, parabola; ellipse and hyperbola, transformations of coordinates, tangents, and polar coordinates. Corequisite: Mathematics 134. Three hours a week, second semester.

Credit: Three Semester Hours.

331. *Differential and Integral Calculus.*

A study of differentiation and its applications, successive differentiations of transcendental functions and applications, curvature, radius and circle of curvature, theorem of mean value and its applications, integration of standard forms, constants of integration, and definite integrals. Prerequisite: Mathematics 231. Five hours a week, first semester.

Credit: Five Semester Hours.

332. *Integral Calculus.*

A continuation of Mathematics 331: integration a process of summation, integration by various devices, fluid pressure, series, exhaustive functions, and multiple integrals. Prerequisite: Mathematics 331. Five hours a week, second semester.

Credit: Five Semester Hours.

The following courses will be given on demand.

234. *Elementary Geometry.*

A study of the purpose and method of geometry: congruence, parallel lines and parallelograms, circles, geometric constructions, proportion, measurements and similar polygons, geometric loci, inequalities and variations, areas of polygons. Suggested for students

whose high school geometry preparation is not sufficient for entering Mathematics 436. Two hours a week, first semester.

Credit: Two Semester Hours.

334. *History of Mathematics.*

A study of the various steps by which mankind has come into possession of the vast stock of mathematical knowledge. The contributions of the Babylonians, Egyptians, Greeks, Romans, Chinese, Hindus, and Arabs to the development of mathematics. The European and American developments during the sixteenth, seventeenth, eighteenth, and nineteenth centuries. Two hours a week, second semester. Offered in even years.

Credit: Two Semester Hours.

431. *Differential Equations.*

A study of differential equations and their solution: differential equations of the first order, applications, additional methods of solutions, linear differential equations with constant coefficients, linear differential equations of the second order, integration in series, miscellaneous methods of solving equations of higher order than the first. Prerequisite: Mathematics 331. Three hours a week.

Credit: Three Semester Hours.

433. *The Algebraic Theory of Equations.*

A study of the elementary principles of the number system including: the itegers; rational, real and complex numbers; elementary theory of groups, rings, integral domains and fields. Also a study of polynomials over a field. Corequisite: Mathematics 331. Three hours a week.

Credit: Three Semester Hours.

434. *Higher Algebra.*

This course is primarily a study of the theory of matrices and determinants with applications to the solution of systems of linear equations. Prerequisite: Mathematics 433 or permission of the instructor. Three hours a week.

Credit: Three Semester Hours.

436. *College Geometry.*

A study of the geometry of the triangle and the circle beyond ordinary high school plane geometry. Prerequisite: one year high school plane geometry or Mathematics 234. Corequisite: Mathematics 331. Three hours a week.

Credit: Three Semester Hours.

HOME ECONOMICS

Clothing and Textiles

141. *Clothing Selection and Construction.*

A study of fundamental principles of garment construction and

selection; use of commercial patterns in construction of simple garments; and application of the principles of color and design to the selection of a wardrobe suited to the coloring, personality, and activities of the individual. Art 111 is prerequisite or parallel. Lecture, one hour; laboratory, four hours each week, second semester.

Credit: Three Semester Hours.

241. *Textiles and Clothing.*

A course designed to develop good judgment in buying, using, and caring for clothing and household materials and to enable the student to identify and classify standard fibres and fabrics. Prerequisite: Home Economics 141. Lecture, one hour; laboratory, four hours each week, first semester.

Credit: Three Semester Hours.

341. *Housing and Interior Decoration.*

A course planned to give real insight into the need of homemaking based on a high type of living, to discover trends in housing and house furnishing, and to give some knowledge of developments in principles of design and color in relation to the selection and arrangement of house furnishings. Three hours lecture. Special field trips. Offered alternate years.

Credit: Three Semester Hours.

441. *Clothing for the Family.*

A study and selection of clothing for the family, including selection and care of garments suitable for various members of the family with special consideration of economic problems. Prerequisite: Home Economics 141 and 241. Lecture, one hour; laboratory, four hours each week, offered alternate years; second semester.

Credit: Three Semester Hours.

Food and Nutrition

142. *Food Study and Preparation.*

A study of the source, composition, and economic value of foods, including practice of cookery in the planning, preparation, and serving of simple, balanced meals in family groups. Fee $5.00. Prerequisite or parallel, Chemistry 111-112. Lecture, one hour; laboratory, four hours, first semester.

Credit: Three Semester Hours.

242. *Meal Planning and Table Service.*

An advanced course in which a study is made of the problems involved in the purchase of food and in the planning, preparation, and serving of meals, both formal and informal. This course includes the study of the selection of silver, linen, china, and glassware, also table decorations, with field trips to the stores where they may be purchased. Fee $5.00. Lecture, one hour; laboratory, four hours each week, second semester.

Credit: Three Semester Hours.

342. *Elementary Nutrition and Dietetics.*

A study of the adequate diet for normal adults and children, including planning, preparing, and serving balanced meals for all members of the family. It also includes a study of chemistry of digestion. Fee $5.00. Lecture, two hours; laboratory, two hours each week, second semester.

Credit: Three Semester Hours.

344. *Home Nursing.*

A study and demonstration of techniques in caring for the sick at home. Problems considered are care of the patient in bed, special diets, care of the sick room, and the home medicine cabinet. Offered alternate years, first semester, two hours a week.

Credit: Two Semester Hours.

347. *Family Relationships.*

Same as Sociology 313.

Credit: Three Semester Hours.

348. *Household Equipment.*

A study of fundamentals involved in the selection, operation, care, and efficiency of household equipment and other problems of household operation. Fee $5.00. Four hours a week. Offered alternate years, first semester.

Credit: Three Semester Hours.

349. *Home and Family Living.*

Your home and you. Management of family, its resources, its problems of everyday life. Lecture, two hours, laboratory, two hours. For men and women. Offered on request.

Credit: Three Semester Hours.

442. *Experimental Cookery.*

A study of elementary research of food preparation, experimentation to determine factors affecting standard products, and a study of large quantity cooking. Fee $5.00. Lecture, one hour; laboratory, four hours each week. Offered 1958-1959 and in alternate years thereafter.

Credit: Three Semester Hours.

444. *Economics of the Home.*

A study of problems of consumers and standards by which consumers may judge available merchandise. Also, a study of wise use of time, energy, money, and resources of the home. Lecture, three hours each week. Offered alternate years, second semester.

Credit: Three Semester Hours.

DIVISION OF RELIGION AND PHILOSOPHY

B. F. SMITH, Professor and Head of Division
JUDSON CHASTAIN, Professor
J. RALPH NOONKESTER, Professor
JOEL DILLARD RAY, Associate Professor of Religious Education
JEWEL HANNAH, Assistant Professor of Religious Education

The Division of Religion and Philosophy seeks (1) to aid the student in his interpretation of life, (2) To acquaint him with the spiritual heritage of the race, (3) To deepen his appreciation of Christianity by leading him to see Christ as the light of man's total religious experience, and (4) to train young people who, after further study at a seminary or divinity school, will furnish leadership for churches and institutions or serve in a religious vocation. (See page 49 for a fuller statement on missionary training.)

REQUIREMENTS FOR MAJORS AND MINORS

Majors

Religion and Philosophy: 30 semester hours in the division, including courses numbered 103, 104, 331, 333-334, 3 hours additional in philosophy and 6 hours additional in Biblical studies.

Religious Education: 30 hours in the division, including courses numbered 103, 104, 331, 211, 311, 312, 415, and 325.

Minors

Religion: 18 semester hours in the division, including 103, 104, 331, and one additional course each in New Testament and Old Testament studies.

Philosophy: 18 hours of philosophy courses, with courses 333-334 being prerequisite to all other courses except 331.

Religious Education: 21 hours in the division, including 103, 104, 211, 325 or 331, and 9 additional hours in Religious Education.

Additional Suggestions

Suggested minors for majors in:

Religious Education: Social Studies, English, Speech, or Secretarial Science.

Religion and Philosophy: Social Studies, English, Speech, History, or Education and Psychology.

Selection of minors other than those suggested should be cleared with the heads of this division and the other division involved.

BIBLICAL STUDIES

103. *Old Testament Survey.*

A survey of the history of the religion of the Hebrew nation. Three hours a week, first semester. Prerequisite to all other courses in Old Testament. Required for graduation.

Credit: Three Semester Hours.

104. *New Testament Survey.*

A survey of the life and teachings of Jesus and the Apostolic age. Three hours a week, second semester. Prerequisite to all other courses in New Testament except 207. Required for graduation.

Credit: Three Semester Hours.

207. *Life of Christ.*

A study of the life of Christ as recorded in the four Gospels. Two hours a week first semester. Offered even years.

Credit: Two Semester Hours. (See Course No. 405 A.)

301. *The Pentateuch.*

A study of the first five books of the Old Testament. Two hours a week, first semester. Offered odd years.

Credit: Two Semester Hours. (See Course No. 405 B.)

302. *Poetical, Wisdom, and Historical Books of the Old Testament.*

An appreciation course covering the historical books, Job, Psalms, Proverbs, Ecclesiastes, Song of Solomon, and Lamentations. Three hours a week, first semester. Offered even years.

Credit: Three Semester Hours.

303. *Old Testament Prophets.*

A study of the ethical and religious idealism of the Hebrew prophets. Three hours a week, second semester. Offered even years.

Credit: Three Semester Hours.

308. *Life and Letters of Paul.*

A study of the life and teachings of Paul as recorded in the Acts and the Pauline Epistles. Two hours a week, second semester. Offered even years.

Credit: Two Semester Hours: (See Course No. 405 C.)

309. *The General Epistles of the New Testament.*

A survey of the general epistles of the New Testament. Two hours a week, second semester. Offered odd years.

Credit: Two Semester Hours. (See Course No. 405 D.)

General Financial Regulations

An application fee of $10 is charged each applicant at the time of making application. It is required to reserve a room in the case of dormitory students; or in the case of local students, a place on the student roster. It is refundable only in the event notice of withdrawal is sent to the Registrar of the college not later than August preceding the date of opening. Students are given credit for the $10 on the session's expenses and it is not, thereby, an additional charge.

Terms of Payment

All fees are due and payable at the beginning of each semester. If needed, special arrangements may be made with the business office, but under no circumstances will any student be allowed to pay less than one month in advance.

Payments must be made promptly on the due date, as stated, without further notice.

All checks should be made payable to William Carey College. A collection charge will be made for all out-of-town checks that are not collectible at par.

All correspondence relating to financial matters should be directed to the Business Manager of the college.

No student will be permitted to take his mid-term or final examinations until all expenses for that semester have been paid.

No student will be granted a transcript of record or diploma or honorable dismissal until all expenses have been paid.

Since William Carey College charges students the lowest amount possible consistent with services rendered and quality of program

offered, no reduction or rebate of fees or residence charges can be made. Tuition will be refunded for withdrawal on the following basis:

Two weeks or less	80%
During third week	60%
During fourth week	40%
During fifth week	20%
After fifth week	None

Any claims for refunds of tuition will be based on the date on which the student files with the Dean his request for honorable dismissal. Where illness makes withdrawal necessary and when so advised by the college physician, the proportionate part of charges will be refunded. No deduction is made for temporary absences.

Bookstore and Supplies

The college maintains a bookstore, through which books, stationery, ink, and other supplies are furnished. Students should come with money for these items since in no case can they be charged.

Scholarships and Opportunities for Self-Help

The college is able to offer a number of scholarships to students of high scholastic rating. Individuals and religious groups from time to time make grants for scholarship purposes, and friends of the college interested in Religious Education underwrite a few scholarships for special types of students.

The "S. E. Lawrence Scholarship Fund," a revolving fund, was given by Mr. S. E. Lawrence of Marion County. The scholarships are granted to mission volunteer students from Marion County. If none offers from Marion County, the college has the option of placing the scholarships on students of like promise and need from other localities.

The Jesse H. Jones and Mary Gibbs Jones Scholarships. In 1956 the Houston Endowment, Incorporated, a philanthropy endowed by Mr. and Mrs. Jesse H. Jones, gave to the college a grant of $5,000.00. One thousand dollars is available each year for five years, for scholarships. No recipient is to receive less than $200 or more than $500 per year. The scholarships for boys are known as the Jesse H. Jones Scholarships and the scholarships for girls as the Mary Gibbs Jones Scholarships in honor of Mr. and Mrs. Jesse H. Jones. Applications are to be made to the college scholarship committee, which has "jurisdiction."

The R. B. Thomas Scholarship Endowment has been set up by Mr. and Mrs. R. B. Thomas of Wiggins, Mississippi, to assist students who are training for full-time religious work, or other students of outstanding quality who might be selected by the committee in charge of appropriations of scholarship endowment.

Temple Baptist Church Scholarship, a $50 Missionary Training Scholarship, is offered by the Temple Baptist Church, Hattiesburg, for a mission volunteer.

Mr. and Mrs. R. M. Ross Scholarship. Mr. and Mrs. R. M. Ross give annually one scholarship in the amount of $250 as a memorial to Mrs. Lena Sanders, the mother of Mrs. Ross. This scholarship is limited to a student of Attala County, the home county of Mrs. Sanders.

Pat O'Mara Loan Fund. Mr. and Mrs. C. R. O'Mara and their daughter Nell O'Mara Brown give one loan scholarship in the amount of $300 as a memorial to Miss Pat O'Mara, their daughter and sister. This loan is available to a senior only.

Faye White Memorial Loan Fund. The young people's department of Immanuel Baptist Church give a loan scholarship as a memorial to Miss Faye White, a member of Immanuel Church and a student at Carey College at the time of her death in December, 1956. This loan will be available to a junior or senior who has dedicated his life to full-time Christian work. The student must have a satisfactory academic record.

Erline Ward Memorial Loan Fund. Mr. and Mrs. John K. Ward of Mobile in 1959 established a $2,000 memorial loan fund in memory of their daughter Erline, a graduate of William Carey College who lost her life in an automobile accident in the fall of 1958, while teaching at Alba High School in Bayou la Batre, Alabama. Interest from this endowment fund is to give scholarship assistance to worthy students of Carey College.

Hattiesburg Lion's Club Loan Fund. This fund, amounting to $250, is loaned to students who are to be selected by the Scholarship Committee of the faculty of Carey College. Loans are made on non-interest bearing notes to Juniors and Seniors having at least a C average on all academic work. Notes for students under 21 must be signed by parents and student applicant. Loans are repayable within twelve months after graduation or withdrawal from the college.

The Board of Ministerial Education of the Mississippi Baptist Convention offers financial assistance to ministerial students.

Anyone desiring to apply for any one of the scholarships above should write directly to the president of the college for information.

The college offers a limited number of work assistance opportunities to those who find it necessary to earn a part of their college expenses. Students help in the cafeteria or act as library assistants, office assistants, etc. Those needing such help should apply directly to the president of the college. Help cannot be given to all; but as far as the college has such opportunities, these positions may be applied for.

The National Defense Student Loan Program provides loans to needy students at low interest rates for long terms. Preference is shown for students who are training for teaching positions or whose qualifications give promise of success in science or in foreign languages. Application forms for such loans may be obtained in the business office of the college.

Veterans' Administration

William Carey College is approved by the Veterans' Administration for veterans under Public Laws 346, 550, and 16.

Students coming under the G. I. "Bill of Rights" and entitled to benefits thereof come under the administrative office of the school. Here arrangements will be made for the course of study which a student wishes to pursue and for all related matters.
